## Ike's Advisory Group Submits Vast Road Plan

\$101 Billion For 10-Year Program Is Given Backing

WASHINGTON, Jan. 7 (AP)—A mammoth program of highway building costing federal and state governments 101 billion dollars over the next ten years won the backing of President Eisenhower's advisory commission on highways.

Some details of the commission's findings were disclosed by its executive director, Frank Turner, a few hours in advance of a special preview of the report for congressional leaders.

The report contains two sharp points of departure from existing policy:

1. It provides for the federal government to pay "substantially all" the money required for modernizing the "strategic network" of interstate highways, covering about 40,000 miles of roads—about 24 billion dollars.

2. It calls for the establishment of a huge new financing agency which would float bonds to pay for the federal portion of highway construction. It was indicated that the financing program would have certain self-liquidating features, but details were not given.

Turner spelled out a number of features of the projected commission report during a day-long series of conferences among the five members headed by Gen. Lucius D. Clay, a retired Army officer and onetime sidekick of the President.

The final draft of the report is due to reach the President's desk next Tuesday. On Jan. 27, Eisenhower will submit his highway program to Congress. Some details may be changed by then, but it is expected his report in general will follow the commission's line of reasoning.

Under present plans, a total of 47 billion dollars is slated to be spent on highway improvements in the next 10 years, of which 10 billion will be provided by the federal government, the rest by the states. Eisenhower's "grand plan" calls for an additional expenditure of about 54 billion in an effort to develop maximum use of highways for a possible national emergency.

The commission has devoted most of its planning to the "strategic network." As things stand now, the federal government foots the bill for 60 per cent of the work on interstate roads with the states supplying 40 per cent.

The highway plan will get a close look from congressmen who historically have opposed what they call federal intervention in state affairs. Last summer, a number of governors attending a national conference voiced hope that the federal government would let the states take over the collection of gasoline taxes and road development.

By and large, however, leaders of both parties have given endorsement to a major highway development program, both as a safeguard in the event of war and as a stimulus to private industry.

## Dog Leads Way To Slay Body Of Louisianan

NATCHITOCHES, La., Jan. 7 (AP)—A faithful dog today led searchers to his master's body he had guarded for three days and nights. The searchers, drawn by the dog's nipping and barking, found the slain body of B. C. Klug Sr., 63-year-old Natchitoches, La., store owner, on the Red River levee near here. Klug's throat had been cut and his head bashed in.

Sheriff Earl Morris, describing the case as "cold murder," said he was holding an ex-convict for questioning. Morris would not identify him but said he was picked up yesterday while spending money freely at a bar.

Klug and the dog had not been seen since Tuesday night. Deputies found his burned truck yesterday. Friends of Klug said he and the dog had been inseparable. They said the pet apparently saw his master killed.

Klug's survivors include his widow, who resided in New Orleans; two sons, one of Longview, Tex., and the other of Harlingen, Tex.; and a daughter of Shreveport. Funeral arrangements were incomplete.

## Governor Signs \$50 Million Road Appropriations

BATON ROUGE, Jan. 7 (AP)—The Louisiana Legislature handed Gov. Robert Kennon his 50 million dollar road request in jig time today and promptly began planning a multi-billion dollar, long range highway program for the May session.

With only two dissenting votes, the Senate rushed the road bills to Kennon's desk in less than an hour, fulfilling his hopes of signing them into law "before I eat my dinner."

At the same time, both houses created a joint-highway committee that will get the 15-year, 2.6 billion dollar road program recommended by the Automotive Safety Foundation into shape for the 30-day fiscal meeting in May.

Kennon was jubilant over the landslide support given his 50 million dollar requests, but like the Legislature he quickly turned his attention to the ASF report, biggest highway plan in the history of Louisiana.

"In the space of a very few years," the governor told reporters, "Louisiana will lead the nation in road building."

Tenning the 50 million appropriation "interim financing to take advantage of the spring and summer construction months," Kennon joined Lt. Gov. C. E. Barham in predicting that no new taxes will be needed to launch the paving program in May.

And both agreed there would be no necessity to restore the two-cent gasoline tax, as former Gov. Earl Long has urged.

As Emergency legislation, Kennon's two road bills became law with his signature. One appropriates 30 million dollars from current oil surpluses in the general fund for highway construction and maintenance. The other does the same thing with 20 million dollars from anticipated oil surpluses.

The first 30 million, which met with little opposition in the House and none in the Senate Finance

## Ike May Seek U.S. Loans To Build Schools

Vast Program Of Indirect Federal Aid Is Studied

WASHINGTON, Jan. 7—UP—President Eisenhower is considering asking Congress next month to authorize government-guaranteed loans to help the states meet a shortage of 370,000 school classrooms, informed sources said Friday.

The plan, which plays down outright federal appropriations for school aid, has been discussed by officials of the office of education and congressional leaders. An informant, who has been close to the discussion, said the plan is "under consideration."

Mr. Eisenhower said in his state of the union message Thursday that he will send Congress a special message Feb. 15 recommending "positive, affirmative action" to deal with the classroom shortage. His proposal was well received by members of Congress.

Rep. Sam McConnell Jr., (R-Pa.) retiring chairman of the House Labor and Education committee, said Congress must give "direct" aid to the states to meet the shortage. He said from \$10 billion to \$12 billion is needed to ease the situation.

Meantime, the White House said telegraphic response to Mr. Eisenhower's appeal for "unhesitating cooperation" from the Democratic Congress was "not very heavy," but was "practically unanimous in approval."

The message produced these developments on Capitol Hill:

1. Democrats went ahead with plans to investigate the administration's military manpower cutback despite Mr. Eisenhower's assertion that it was undertaken on his "personal direction." The Senate Armed Services committee will start studying it within the next few weeks. The House Armed Services committee plans a similar inquiry.

2. Democrats as well as Republicans were ready to go along with Mr. Eisenhower on no cuts in corporate and sales taxes this year. But chances looked good for a slash in these levies, and perhaps even personal income taxes in election-year 1956.

3. Farm state Democrats prepared for a fight with administration over flexible farm price supports. Chairman Harold D. Cooley (D-N.C.) of the House Agriculture committee said he will push a bill to restore rigid price props.

Sentiment also built up for increasing the 75-cent hourly minimum wage, but there were differences over whether it should be boosted to 90 cents, \$1 or \$1.25. Mr. Eisenhower proposed a 90-cent rate.

## 'Jes' Ramblin'

Dr. E. K. Means, now retired but still in life's picture and activities, from a background of an even half century, amazed and amused Civilian Club members Thursday night. In slang phraseology, he "let his hair down," and told of some of the most amusing experiences that came his way.

His experiences were drawn from many events and all told in fully four or possibly five states. He said:

"A preacher is the most talked about person in a community and the least understood. He has to comfort his flock in sickness and death. He has to iron out their troubles, their matrimonial woes; when they do wrong and get in jail he is the first to be called."

"Compliments sometimes are bestowed on a preacher."

## Rain Predicted Today, Tonight

The weather forecast calls for possible rain today, with showers and thundershowers tonight. The mercury readings are expected to ease to lower levels Sunday.

A similar forecast is in prospect for Arkansas.

The maximum temperature reading was 54 degrees yesterday, with the minimum dipping to a cool 37.

## Hagerty In Hospital For Routine Check

WASHINGTON, Jan. 7—UP—James C. Hagerty, President Eisenhower's press secretary, is in Walter Reed hospital for what the White House described as a routine physical checkup.

Murray Snyder, assistant press secretary, said Hagerty entered the hospital late Thursday and will be there over the weekend. He said Hagerty is feeling fine but had not had a checkup for some time.

## Dr. Sheppard's Mother Shoots Self With Pistol

TO THE RESCUE—The Queen of Bermuda stands by the foundering fishing vessel, Student Prince, in the wind-lashed waters of the Atlantic north of Bermuda as one of her lifeboats (left), with survivors aboard, makes for the passenger liner. A pontoon of a U. S. Coast Guard plane appears at right center over the liner. The Queen of Bermuda, battling high winds and seas, took off the entire crew of 10 from the foundering vessel. A lifeboat from the fishing vessel broke up as crewmen made an earlier attempt to abandon ship. (U. S. Coast Guard photo via radio from Bermuda by AP Wirephoto)

## One House Group Raps Another In Racketeer Probe

WASHINGTON, Jan. 7—UP—A House Government Operations subcommittee accused the House Labor committee Friday of failing to take an "obvious and fairly simple" move to protect union welfare funds against labor racketeers.

The charge was contained in a report urging the Justice Department to prosecute several AFL leaders in Ohio and in the nation's capital for alleged rackets, corruption, bombings, extortion, bribery and income tax evasion.

The subcommittee centered on the teamsters union in Ohio, where it said there was a "vicious and unlawful situation" in vending machine operations, and on a Washington, D. C., AFL painters union. It also urged stronger laws to curb alleged abuses.

The report was based on an investigation conducted last year by a government Operations subcommittee headed by former Rep. George H. Bender (R-Ohio), who was elected to the Senate in November. It said:

"It would appear conclusive that racketeers who are permitted to operate under the guise of being honest labor leaders must be eliminated in order to permit labor and the rank-and-file worker to earn a just and fair living and to enjoy the fruits of his labor in peaceful surroundings."

Turning its fire on the Labor committee, the group said chairman Clare Hoffman (R-Mich.) of the full Government Operations committee held an inquiry in Detroit in June, 1953, that disclosed that union welfare funds were going "into the pockets of racketeers and extortionists."

"The remedy, of course, was obvious and comparatively simple," the subcommittee said, "All that was needed was a federal law authorizing if not directing the states" to regulate union funds.

It said Hoffman introduced the necessary legislation last April, "but the chairman of the committee on education and labor has not as yet deemed it advisable to have the committee consider that bill."

"It is apparent that the evidence disclosed at the hearings at Detroit aroused the apprehension not only of some politically powerful labor leaders and their friends who had profited financially but of a few political leaders," the report charged.

## 'Free' Examination Costs Patient \$100

MIAMI, Jan. 7—UP—M. W. Clark of Miami told police Friday he thought he was getting a free examination but his "doctor" exacted a \$100 fee.

Clark said a motorist pulled up beside him, told him he was a doctor and asked Clark if he could direct him to the home of a patient.

Clark mentioned he had heart trouble and the "physician" put his ear to Clark's chest for an on-the-spot examination. While listening to the heart beat, he extracted Clark's wallet and drove off with Clark's \$100.

## Unhappy Lovers Rescued From Volcano Following Abortive Suicide Leap

TOKYO, Saturday, Jan. 8 (AP)—Two unhappy Japanese lovers who leaped into a volcano's seething "suicide crater" were snatched from death yesterday after 33 hours of suffering and terror.

## Sen. Daniel To Sponsor Renewed Probes Of Reds

WASHINGTON, Jan. 7—UP—Sen. Price Daniel (D-Tex.) said Friday he and 41 other senators will file a resolution Monday to put the Senate on record in favor of continuing investigations of Communists.

Daniel's resolution, signed by members of both parties, would pledge the new Democratic-controlled Senate to complete all unfinished investigations it inherited from the GOP.

"I think this ought to be done to counter charges that we are soft on communism," Daniel said. He said this would specifically include the case of former Maj. Irving Peress, honorably discharged from the Army after refusing to tell Sen. Joseph R. McCarthy whether he was a Communist.

But Daniel vigorously denied published reports that he proposed a "new investigation" of Peress' promotion and honorable discharge. He said he was sure Sen. John L. McClellan (D-Ark.), who of the Senate Permanent Investigating subcommittee, will carry on the year-old Peress inquiry.

They leaped but struck an outcropping and rolled into loose rocks short of the bubbling lava.

Takayanagi said they managed to crawl to the opposite side of the crater where they had a better chance of being seen.

"It was a horrifying struggle," Takayanagi said.

## Italy Supports French Premier's Arms Pool Plan

ROME, Jan. 7—UP—Italy is ready to back French Premier pool arms production in the seven-nation Western European Union, informed sources reported Friday night.

An Italian foreign office spokesman said that "Italy favors the idea in principle." However, he refused to say that Italy would support the specific French proposed plan for pooling the arms production of the WEU.

Another source close to the government said that there is little doubt that Italy will back Mendes-France's program. The French premier is on vacation in the Italian mountain resort of Positano and will come to Rome next week to see Premier Mario Scelba.

Mendes-France is understood ready to offer Italy and Germany a share in developing France's rich North African possessions for their support of his arms pool plan.

Informed sources in Paris said that France already has distributed copies of its plan to standardize arms and pool their production to other members of the WEU.

## Army Counsellor Officially Linked To Peress Case

WASHINGTON, Jan. 7 (AP)—The Army today informed Congress that the final decision to give an honorable discharge to Gen. Irving Peress was made by Lt. Gen. Walter L. Weible, a deputy chief of staff, and Army Counsellor John G. Adams.

Disclosure of this information by the Army came sharp on the heels of a proposed new investigation by the Senate of the Peress case.

Peress, a New York dentist, is a former Army major who was promoted and honorably discharged after refusing to answer questions from Sen. McCarthy (R-Wis.) about alleged Communist connections.

McCarthy has contended Peress should have been court-martialed. The disclosure of who recommended the honorable discharge for Peress was contained in a "chronology" of the case.

The 38-page document listed the names of 61 officers and one civilian. Asst. Defense Secretary Fred Seaton said "this was everyone who had anything to do with the handling" of the Peress case.

They leaped but struck an outcropping and rolled into loose rocks short of the bubbling lava.

Takayanagi said they managed to crawl to the opposite side of the crater where they had a better chance of being seen.

"It was a horrifying struggle," Takayanagi said.

## Federal Civilian Employees Added

WASHINGTON, Jan. 7—UP—Federal civilian employees increased by 20,710 in November over the previous month, mostly because of temporary workers hired by the census bureau.

According to the joint congressional committee on reduction of nonessential federal expenditures, 2,343,707 persons were employed in the executive branch of the government in November. But this figure was 23,623 less than the total for November of 1953.

## 7-Word Note Left On Table Beside Body

Tragedy Affects Convicted Slayer Of Young Woman

CLEVELAND, Jan. 7 (AP)—The ailing, gray-haired mother of convicted wife-slayer Samuel Sheppard shot herself today in a locked bedroom, police said.

The death of Mrs. Ethel Sheppard, 62, was just before noon. Almost at the same time her son's attorneys dropped a motion for a new trial in Common Pleas Court and took the case to an appellate court.

Another son, Dr. Stephen Sheppard, found the body in an upstairs bedroom of his home, where his mother had been staying the past two days.

Using his own key to open the spring lock on the door, he saw the fully clothed body of his mother sprawled across a maple, four-poster bed. A snub-nosed .38 caliber revolver lay by her side and one shot had been fired behind her right ear.

Further across the room, which is papered in a gay blue and white floral design, a note lay on a card table, saying:

"Dear Steve: I just can't manage alone without father. . . Mother."

Her husband, tall, thin Dr. Richard A. Sheppard, is in Bay View Hospital, suffering with pleurisy. His family told him today of his wife's death and reported later that he is in serious condition, in danger of pneumonia.

Dr. Samuel heard the news in county jail, where he is awaiting the outcome of his court appeal on his conviction of second degree murder and a sentence of life imprisonment. He was convicted Dec. 21 of bludgeoning his pregnant wife, Marilyn, to death in their Bay Village home last July 4.

Dr. Stephen and another brother, Dr. Richard A., told him today what had happened to his mother. Leaving the jail, Dr. Richard told

## Formosa Funeral Today; Burial Set For Sunday

Funeral services for Mrs. Rosalie Formosa, 85, who died Thursday, will be held in the form of a requiem mass at the St. Matthews Catholic Church at 9 a.m. this morning.

After the service, the body will lie in state at the Mulhearn Funeral Home until time for burial Sunday at 2 p.m. in the Catholic Cemetery.

Mrs. Formosa was born in Trabis, Sicily, Dec. 18, 1869. She had been a resident of Monroe for five years, after having moved her residence here from California. At the age of 78, Mrs. Formosa flew by plane from Rome to San Francisco to visit her children.

Only recently, she returned to California for a nine month visit, and had just returned to the Twin Cities at the time of her death.

Survivors include six children, Mrs. Tony Danna and Mrs. Sam B. Danna, Monroe; Joe Formosa, San Francisco; Mrs. Frank Morrell, Lodi, Calif.; Mrs. Theresa Formosa, Sicily; and Mrs. Sylvia Teresi, Sicily; eighteen grandchildren, eight of whom live in Italy, and 12 great-grandchildren.

## Little Theatre Work Party Is Scheduled

There will be a work party for boosters of the Little Theatre group of Monroe this afternoon says Th. Feuerstein, director of the group.

The director has issued an invitation for interested individuals to do their overalls, procure a hammer and a saw and be at the "party" which is to begin at 2 p.m. and end at 6 p.m. Feuerstein states that experience in stage work isn't necessary because there will be somebody there to assist in coordination of the work.

This is your chance to learn while you play, and at the same time find out just what is involved in putting on a Little Theatre production, he said.

## Lida Benton P-TA Charts 1955 Plans

The Lida Benton P-T. A. yesterday announced plans for the 1955 group project, which will be to establish a "drawing fund" of \$250 for teachers to use in securing needed materials, of their selection, for the classrooms.

A meeting of the entire organization has been set for Thursday, Jan. 13, and the executive committee, which met and formulated the plan last week, will present it to approval. The executive group extended their appreciation to Commissioner of Streets and Parks Wayne Huckaby for his cooperation in a recent project.

At the meeting, Mrs. Mary Washam will present her second grade pupils in a nursery quiz.

## 7-Word Note

(Continued From First Page)

a reporter, "Sam was all broken up by the news. He broke down and cried."

Later, over his protests, the convicted man was transferred to the jail's observation cell where he will be under constant watch.

Sheriff Joseph M. Sweeney said Sheppard asked for permission to attend his mother's funeral, and was told that would have to be arranged through the court. Prisoners, guarded by deputies, sometimes are allowed to attend the funerals of close relatives.

Dr. Samuel Sheppard's 7-year-old son, Chip, was playing in the basement of the Stephen Sheppard home today when his grandmother died in the bedroom above him. Staying with his uncle since his mother's death, Chip was home from school because of a cold.

He had been constructing little "buildings" out of cardboard boxes to amuse himself.

A maid, Mrs. Maggie Schumpert, said later she may have heard the shot, but thought it was one of the boxes falling.

"Once I scolded him and told him not to make so much noise," she said.

About an hour before the body was discovered, a niece of the elderly Mrs. Sheppard phoned the house and asked to speak to her. The maid said she went to call her, but found the door locked and assumed she was sleeping.

Shortly after noon Dr. Stephen's wife, Betty, returned home from a shopping trip and went immediately to her mother-in-law's door. She phoned Dr. Stephen at Bay View Osteopathic Hospital, where the Sheppards practice, and told her husband to come home.

The gun had been taken from a drawer in Dr. Stephen's bedroom, on the same floor, police said.

The victim suffered a mild heart attack during her son's trial and for a time was a patient in her family's hospital. At one time, both she and her husband were in the hospital.

In the legal move today, defense attorney William J. Corrigan gave up a motion for a new trial on the basis of new evidence. He told Common Pleas Judge Edward J. Blythin, who presided at the trial, that he had been unable to find enough new evidence to support the motion.

In starting the machinery for a review in appeals court, Corrigan asked Judge Blythin for an indefinite stay of execution of the life sentence. Should the verdict rendered by the Common Pleas jury be upheld in the higher courts, Dr. Sheppard would not be eligible for parole for 10 years.

Dr. Sheppard has maintained steadfastly that his wife was killed by a bushy-haired intruder who invaded his home and knocked him unconscious when he ran to her aid.

**COMPLETE FIRST AID COURSE**—Under the sponsorship of the American Red Cross, and in cooperation of the Commercial Solvents Corporation, an instructor's course in first aid was completed and certificates awarded Thursday night. Persons participating in the event were: (Seated) left to right, J. R. Troeltzsch, A. S. Hufman, Perry Talle, Victor Parish, Richard Ramsey, George R. Delay and James W. Peek; and (standing) R. M. Kettering, Olen H. Manhart, Orrie M. White, Jr., Richard Guelzow, George Buckner, George Addison, Herman Senn, Clayton Nelson, J. Eck Wheeler, Wilson Reid, Claude Eubanks and James Sandifer. ## Governor Signs

(Continued From First Page)

Committee had to toss out two through 35-0.

The amendments, offered by Sen. Harry Howard of New Orleans, sought to wipe off the books a contested 50 million dollar road bond issue that was a direct cause of Kennon's calling the special session.

The bonds, voted by the 1954 Legislature, are under appeal in the State Supreme Baton Rouge district court ruled them unconstitutional.

Sen. Charles Tooker of Shreveport blasted the Howard amendments as unconstitutional on grounds they were not included in the governor's call and changed the meaning of a bill without revising its title.

Faced with a battery of opponents, Howard withdrew one of his amendments and saw the other crushed 30-1.

"I move the electrician check the voting machine," he cracked as a "cascade of red lights flooded the board."

The Highway Department is proceeding with the Supreme Court test, but has promised to issue no bonds until the May Legislature has a chance to review the situation.

"I'm not opposing the road program," protested Howard, "but why doesn't the governor stand up like a man and say he wants the bonds? I think the vote against them was a clear expression of the will of the people."

The New Orleans senator said his second amendment was offered because "I'm mad at the governor. . . I'm the only one on the Senate Finance Committee he didn't invite to breakfast this morning."

The bill appropriating 20 million dollars from expected oil surpluses passed 33-2, with Sens. Dayton McCann of Effie and Guy Sockrider of Lake Charles opposing.

Both claimed "rank discrimination" in administering road construction in their districts and thought some money should be held

## Louisiana House

(Continued From First Page)

dary as three leagues (10.5 miles) from the coastline. "We can't supersede an act of Congress."

Federal legislation assured Louisiana of submerged land control "within historic boundaries." But the question is unsettled just where to draw the line.

The federal government claims everything beyond the three-mile limit, while the state under its 1934 legislation claims three leagues which extends 27 miles in some areas.

Gov. Kennon and state officials, after conferring with the U.S. Department of Interior a few months ago when the boundary dispute grew hot, agreed on recognizing a "twilight zone" until the Congress of courts can finally settle the issue.

The agreement was promoted by the mutual desire to get offshore oil development into full swing despite boundary obstacles.

Gravolet, in floor debate, argued the state is losing money.

"What is our coastline? It was set by the federal government as a line extending—buoy to buoy—from Pearl River in Mississippi to the Sabine River on the Texas border."

"In the 1954 Legislature, we passed an act redefining our historical boundaries as three leagues from our coastline."

"The Congress passed legislation restoring state control of offshore oil lands without our historical boundaries."

"But now," Gravolet insisted, "it seems certain oil companies and state agencies are not obeying our mandate. The federal government leased land including water-bottoms right in our own bays and obtained nearly 17 million dollars—that was our money, it belongs to the people of Louisiana. This is part of the money, with the severance tax, that supports our entire school system."

Gravolet contended "there has been laxity on the part of some state agencies in not enforcing our act."

"If we let various individuals—I don't want to mention any names—go to Washington and make agreements circumventing our state law, then I don't want any part of it."

Rep. Jasper Smith branded Gravolet's proposal "a witch hunt" and said it would insult the State Mineral Board.

tist Church at 2:30 p.m., with Rev. Jim Matthews officiating. Interment was in the Bayou Macon Cemetery at Darnell, under direction of the Catron-Gay Funeral Home.

Survivors include two sons, Samuel, of Calif.; Robert, of Darnell; two brothers, Will Henson and Levi Henson, and one sister, Mrs. Maude C. Fisher, all of Yazoo City, Miss., and one granddaughter.

**WHIT K. CORBIN, JR.**  
OAK GROVE, Jan. 7 (Special)—Whit K. Corbin, Jr., 29, died suddenly enroute to his office in the Capitol building in Baton Rouge yesterday morning as a result of a heart attack.

Services were held Friday at the First Baptist Church at 2 p.m., with Rev. J. B. Cheatham officiating. Interment followed in the Oak Grove Cemetery, under direction of the Catron-Gay Funeral Home.

Survivors include his wife, Wilo-dye; his parents, Mr. and Mrs. W. K. Corbin, Oak Grove; two sisters, Mrs. Estelle Showers, and Mrs. Juanita Iernac, both of California; his grandmother, Mrs. Lizzie Corbin, Oak Grove, and Mrs. Clara Connell, Oak Grove.

**MRS. MARY ELIZABETH WILSON**  
OAK GROVE, Jan. 7 (Special)—Mrs. Mary Elizabeth Wilson, 82, died at her residence Thursday morning near Darnell. Services were held in the Bayou Macon Baptist Church at 2:30 p.m., with Rev. J. B. Cheatham officiating. Interment followed in the Oak Grove Cemetery, under direction of the Catron-Gay Funeral Home.

Survivors include his wife, Wilo-dye; his parents, Mr. and Mrs. W. K. Corbin, Oak Grove; two sisters, Mrs. Estelle Showers, and Mrs. Juanita Iernac, both of California; his grandmother, Mrs. Lizzie Corbin, Oak Grove, and Mrs. Clara Connell, Oak Grove.

## City Courts

MONROE

The following cases were disposed of yesterday in Monroe City Court by Judge W. M. Harper:

Five persons charged with drunkenness received a fine of \$15 or seven days in jail. Ones fined were: R. L. Wright, 49, Winnsboro; Nelson O'Neal, 34, 105 Pine; T. L. Harris, 63, Shreveport; John D. Norton, 50, Memphis, Tenn.; and Ed Hayes, 59, Montgomery, La.

In the traffic court 22 cases were disposed of, with Judge Harper meting out a total of \$182.50 in fines. Thirteen of the 22 cases were classified as speeders arrested through the use of radar.

**WEST MONROE**

The following cases were disposed of yesterday in West Monroe City Court by Judge Jasper E. Jones:

Alfred E. Jones, 24, 812 Pine Street, West Monroe charged with speeding, was fined \$35.

Carl Mullins, 44, 304 Ouachita Avenue, Monroe; Fred Tolbert, West Monroe and Rosemary Keener, 48, West Monroe, were each fined \$15 or 15 days for drunkenness.

**Real Estate Transfers**

The following real estate transfers were recorded in the office of the Ouachita parish clerk of court yesterday:

A. J. Whitlock sold to J. S. James Construction Co., Inc., lots 7 and 8 of the C. A. Long subdivision of Block 4 of Zeigler's subdivision of the J. C. Ransom estate for \$1,200.

Browder Willis sold to the J. C. Steele Lbr. Co., Inc., Lot 17 of Block 9, Unit 2, of the Sunshine Heights addition to West Monroe for \$1,450.

The Woodlawn Development Corporation sold to the L. M. Ray Construction Corp. all lots in Block 4, 5 and 12 and the extension of the Roselawn addition No. 2, to the City of Monroe for \$9,964.08.

The Sherrouse Realty Co. sold to James Winfield Lot 19, Block 51, Unit 2, of the Booker T. Washington subdivision to the City of Monroe for \$203.50.

Mrs. Ammon Coon Buckley sold to Ben Woolley, Lot 21 of Square 2 of Cobb and Tippit's Second Addition for \$7,500.

Lucien N. Larche sold to R. W. Butler and Sons Lumber Co., Inc., Lots 1 and 2 and the N12 feet of Lot 3 of Square 12 of Edgewater Addition for \$2,500.

G. O. Dooley sold to Lanzy Jackson, Lot 4 of Block 8 of Unit 2 of G. O. Dooley's Subdivision for \$200.

R. T. Faulk, Jr., sold to David Banks, Lot 1 of Block 3 of Faulk's Addition for \$450.

Charles D. Coon sold to Cud Thomas Baird, Lot 3 and a strip 10 feet wide completely across the west side of Lot 4 of Blossa's Subdivision for \$18,000.

Billy Torrey sold to Stella Jernigan, a lot in T. E. Flournoy's First Addition for \$4,750.

## Jes' Ramblin'

(Continued From First Page)

stowed," he said, and up in the Ozarks an unlettered churchman informed "You have done a large amount of great good."

"And one day a country preacher fell into a well. There was a great rush to get him out, but one member declared 'Don't get in too great hurry boys, for we don't need him here now any more!'"

"Into a death scene, I went upon receipt of a hurried call. At that time ministers wore Prince Albert coats and vests. I was so attired. At the house I found an open porch and a projecting nail. On this I hung my coat and vest. When I started to leave, they were gone! Contacting the undertaker he was told: 'Gosh sakes, those yours? Why I thought the family had put 'em out to lay out the corpse in.'"

"The next day my treasured Prince Albert was laid away like the corpse it enclosed as dust to dust and ashes to ashes were pronounced."

"Down in Bunkie a bank had made a small loan to a Cajun farmer. It was past due and a second Cajun was sent to make collection. He submitted a letter to the bank that said: 'Pierre was not home. He was dead and in Hell. I can't collect for I can't go to Hell to get it.'"

Dr. Means was, years ago, a feature writer—specializing in Negro dialect for the Fank Munsey magazines, of which there were 16, all published from a New York headquarters. This took the migrants to the big city for long periods of time.

One occasion was recited when a meeting which he was required to attend was held in the Waldorf-Astoria. The room where it was held was packed as thickly as chickens in a box. A man next to Dr. Means whispered, "I am paralyzed from my waist down! I should get out of here but I can't!"

"How do you know you are paralyzed from the waist down?" he was asked. "I know because I have pinched myself in the leg many times and can't feel it!" It proved he had been pinching the man whose legs were crowded up against his own, Dr. Means explained.

At the close of the Civitan meeting, Dr. Means was voted honorary member of the Civitan Club, an honor which caused him to declare: "You Civitan members are the most friendly and hospitable of all club members hereabouts."

## Films On Display

MONTEVIDEO, Uruguay, Jan. 4.—UP—"The Caine Mutiny," "Sabrina" and "The Living Desert" will be among the American films to be exhibited at third international motion picture festival opening at Punta Del Este Jan. 14, it was announced Friday.

Jesse J. Oswald

We are pleased to announce the association with our company of Mr. Oswald as Estimator and Supervisor of Burglar Alarm Systems and Electrical Construction.

He comes to us directly from Dallas, Texas, where he was connected with the Smith Detective Agency as Installation and Maintenance Engineer of Burglar Alarm Systems.

Mr. Oswald is married and lives at 801 Spell Avenue with his wife, Billie E., a son, John, and a daughter, Karen.

He is a member of the Jehovah Witness Church. The association of Mr. Oswald enables us to include burglar alarm systems and maintenance to our electrical construction business.

PRESENTED HIGH CUB SCOUT AWARD—Leon Price, son of Mr. and Mrs. L. L. Price, is shown as he is presented the Webelo award, highest Cub Scouting award possible, at special ceremonies held Thursday night at Sherrouse school. The presentation was made by Alex Lea, central district commissioner. Pictured from left to right are Mr. and Mrs. Price, Cub Leon Price, Lea, and Don Guyton, Cubmaster. (Staff photo by Robert Hines.)

## New Financing For TVA Power Being Sought

NASHVILLE, Tenn. (AP)—The chairman of the Tennessee Valley Authority says his staff is proceeding with "urgency" to draft a substitute plan for financing future power generating projects.

The power demand of TVA's service area is "constantly growing," Brig. Gen. Herbert D. Vogel told the chamber of commerce here last night. "It requires a steady effort to keep our power supply a jump ahead of demand."

Vogel said he hoped the staff studies would be finished by "the last of the month or early in February" so the TVA board could "consider fully" and recommend a suitable plan to the administration before July.

As soon as the board reaches a decision, he added, its proposal will be presented to "the organizations of the people of the valley."

While Vogel gave no indication as to what plans were under consideration, it was expected the staff would recommend issuance of tax-free self-liquidating revenue bonds. At a meeting with power distributors, consumers groups and labor representatives in the governor's office yesterday afternoon, Vogel mentioned that his staff was studying new methods of financing power projects.

In his speech to the chamber of commerce membership dinner, Vogel called for an end to what he termed "a great national debate on

the question of public versus private power."

"Both play their part in the democratic tradition of checks and balances. By keeping each whole and strong, the public is provided with a means for measuring the effectiveness of both... both are existing and integral parts of our national economy," the retired Army officer added.

In an interview prior to his talk, Vogel described the controversial Dixon-Yates power contract as a "good thing."

The plant, to be built near West Memphis, Ark., will relieve us of a part of the strain imposed by demands of the AEC in crucial years ahead," he said.

## Seven-Pound Boy Is Mr. LaSalle Parish Of 1955

JENA, Jan. 7 (Special)—Randy Eugene Hudson, born Jan. 1 at 4:40 p.m. and weighing 7 pounds 2 ounces, is the apparent winner of the "Mr. LaSalle Parish of 1955" contest. His parents are Mr. and Mrs. Charles Hudson of Urania.

A check with the hospitals at Jena and Olla, the Caharan clinic at Jena and the Urania clinic revealed that the Hudson infant was the first to arrive during the New Year. There may have been a birth to a LaSalle parish couple at home which has not been reported yet which would change the results of the "diaper derby." However, until such a report has been received, Mr. and Mrs. Hudson are the winners.

## Pope Takes Walk In Slow Rain To Rebuild Strength

VATICAN CITY, Jan. 7 (AP)—Despite a cold and steady drizzle of rain, Pope Pius XII, warmly clothed, took his daily walk today in the Vatican gardens.

The pontiff strolled unaided for nearly half an hour along a covered walk. It was one of his longest promenades since he began them two weeks ago as part of the regular routine to build up his strength following his collapse of Dec. 2.

For the last three days, the pontiff has walked without leaning on the arm of his private physician, Dr. Riccardo Galeazzi-Lisi.

Earlier today, the Pope received another transfusion of plasma and whole blood. These are given to him every two or three days. His doctor said the transfusions will be continued for about another week. He described the pontiff's condition as gradually improving and said "everything is going better."

The 78-year-old head of the Roman Catholic Church plans to grant the first private audience since his collapse to French Premier Pierre Mendes-France, now in Italy. A source close to the pontiff said that the audience very likely will be held next Wednesday.

## Humphrey Bogart, Roy Rogers Near A Real Shooting

NEWPORT BEACH, Calif., Jan. 7 (UP)—Film tough guy Humphrey Bogart and movie cowboy Roy Rogers played minor roles in a real-life shooting at a plush beach resort in which a mysterious rifleman wounded two persons.

Rogers reportedly was within about 50 yards of the gunfire Thursday when the gunman, believed by police to be either a maniac or narcotics addict, sprayed the harbor front with bullets from a .22 caliber rifle.

Bogart and Rogers were at the home of Roger Cunningham, owner of the Club Casa Del Mar of Santa Monica, when the shooting occurred and they joined police in a manhunt along the waterfront.

Ernest Cantu, 27, of Corona Del Mar, was shot in the right knee and right arm as he stood on the beach of Bay Island, and Philip Kilmer, 19, of Lido Isle, was wounded in the left hip. Both were reported in good condition at Hoag Memorial hospital. Neither could give a reason for the shooting.

## Demos To Select Party Treasurer

WASHINGTON, Jan. 7 (UP)—Matthews H. McCloskey, Philadelphia builder and chairman of the board of the Philadelphia News, will be recommended for treasurer of the Democratic party by National Chairman Paul M. Butler at a national committee meeting here Jan. 19, it was announced Friday.

Party headquarters said Butler called the meeting to elect a new treasurer succeeding Stanley Woodward, one-time State Department official and former ambassador to Canada. Woodward subcommittee his resignation last month.

## Wall Says Insurance Lobby Fighting Rate Probe

BATON ROUGE, Jan. 7 (AP)—Rep. Shady Wall charged today insurance agents and automobile dealers are ganging up on his resolution to study Louisiana insurance rates and urged citizens to "get in touch with your representative if you think your rates are too high."

The House, by a 42-21 vote, permitted Wall to introduce his resolution calling for a Legislative Council study of Louisiana liability and casualty rates.

Lawmakers with a "personal interest" in insurance agencies and automobile dealerships, Wall charged in a statement to reporters, "are combining with the New Orleans delegation to kill this study."

It is "my belief," he added, "that people in Louisiana are paying more for their automobile insurance than people in other states. If I am wrong, the insurance salesmen in the Legislature should have no fear of a study since it will dispose of the issue."

The West Monroe lawmaker said the financial responsibility act, adopted in 1952, "made automobile insurance a practical though not a legal necessity."

The law holds drivers financially responsible for accident damage, injuries and loss of life.

Wall asked citizens across the state to get in touch with their local lawmakers to "support my resolution if you think your rates are too high."

The resolution will come up for a House vote next Friday, the final day of the special session.

His proposed study would cover all liability and casualty rates, including auto insurance, fire coverage and workmen's compensation.

Particular emphasis would be placed on comparing Louisiana rates with neighboring southern states "with a view to finding the reason for a difference, if any."

It also would determine whether the Louisiana Insurance Rating Commission differed from regulatory bodies in other states and whether the difference affected rates.

The House without objection adopted another Wall resolution asking a Legislative Council study

of whether Louisiana insurance companies should be required to invest some of their earnings within the state.

## GREATEST HOUSEKEEPING DISCOVERY IN YEARS!!!

New Miracle

dellay

REG. U.S. PAT. OFF.

Spray it on your rugs and carpets and keep them clean!

- ... Prevents Soilage for Months!
- ... Save Dollars with Fewer Cleanings!
- ... Enjoy Greater Home Beauty!
- ... Get More Wear from Your Floor Coverings!

\$2.49 One quart (sufficient for average room, or home traffic area) including sprayer attachment.

Spray Dellay on any type of rug: wool, cotton, nylon, rayon, or blend of fibers! See how Dellay protects your rugs and carpets against soilage, dirty footprints, spots, traffic film. See how it actually delays the need for expensive cleanings... saves your dollars and, at the same time, reduces the wear and tear from frequent cleanings.

DRAMATIC SOIL TEST Half of this carpet sample was treated with Dellay... the other half was untreated. For a period of two months thousands of carpet mill employees walked over it daily. This actual photograph shows the amazing result! The Dellay treated half still looked brand new. The untreated half was ready for the cleaner.

## 'Revolutionary Education'

On numerous occasions, this newspaper has commented on the Marxian scheme for education. It is a known fact that Communists and allied hues are almost desperate in their attempt to reeducate the youth or to educate young people in the first place. Just as American children are supposedly being educated in a republican form of government with due process of law under the constitution, so are the Communist youth being educated in the ways of dialectical materialism.

Unfortunately, the Communists in the United States operate through their allies, the Fabians and socialists who are most assuredly attempting to reeducate the youth of this former republic. The Senate committee investigating subversion in the educational process came up with some astounding conclusions and pieces of evidence. In any case, this morning, consider the case of an actual venture into Communist education as has happened on the Chinese mainland since its takeover by the Soviets.

Bear in mind that the exact same thing is planned for the United States of the future according to Communist statements in the hands of the U. S. Government. The Communists only hope is the reeducation of the youth of a nation, because, if that youth can be successfully imbued with Marxian doctrine, he will not want to fight his "allies" nor will he oppose them.

In this nation, the attack is centered on patriotism and American ideals which are twisted and distorted. The sense of values change as the propaganda increases. With millions on millions of mainland Chinese apathetic or openly hostile to the Communist "cause," (as is pointed out by Wen Hua-Ling, former ranking Red naval officer, now a refugee in Formosa), the Mao government is seeking refuge in the younger generation and has stepped up its indoctrination program. The students served as a powerful weapon during the Communist takeover.

During the period after the war with Japan, the National government was besieged by a series of bloody student uprisings, strikes, etc. When the Soviets took over, these students formed the lower echelons of Communist control. A Communist believes that a lie repeated many times over will be believed and as a result, they have published new textbooks rewritten history, and Marxist theories. For instance, Charles Darwin is no longer mentioned. Pavlov has taken his place. Hegel, Kant and Montesquieu are condemned while Marx and Engels are built up as the sole political thinkers.

According to the Communists, Russia singlehandedly defeated Japan while the traitor Huang Chiao is revered as a hero although his butchery will remain as a black mark on the face of China. Of course, it is somewhat difficult for Mao to tell about Japan being defeated by Russia when millions on millions of Chinese will remember the Flying Tigers and the friendly Americans who came to defeat Japan.

There are millions of Chinese who still attempt to decorate the graves of Americans dead in their efforts to help China. Mao and Chou and no one else can erase these memories. But, someday, these people will be all gone.

The youths are being taught new false ideas. Students are not only reading and being dosed with Red Propaganda, they are fed these lies all day long. They must attend group discussions and learn the latest edict. They must serve in factories, army camps and on farms so that they can become familiar with the lives of the workers, the peasants and the soldiers. Wherever there is a Communist parade, students lead it.

Actually there were three stages of the Communist takeover of the Chinese university system. This exact same plan has been reported readied for your children, so bear it carefully in mind.

At first, right after the takeover, the Communists used crude means to gain control of the universities. They set up numerous "revolutionary universities" which admitted illiterate youth. This was to stigmatize the entire system of Chinese higher education. With universities no longer respected, the Soviets allowed the former universities, even those with American endowment, to keep their old names and professors. The Communists controlled them through party members in the student body.

One year after the takeover, the "revolutionary universities" disappeared and "model" colleges replaced them. In these model colleges, the professors, students, clerks, advisors, lecturers and assistants were all moved into the same dormitories. They were allowed to criticize each other freely (excepting of course, the Communists). The dorms competed with each other. Prizes were awarded for the best turnout at a parade, or the finishing of a tract of land being tilled, or the best grades. Kangaroo courts operated with Communist judges "hearing the cases." In this manner, numerous professors were thrown into the river and drowned and several students each month are "cleaned out."

During that period, the old schools were still allowed to keep their names and campuses but they were operated by committees of students, clerks, lecturers and assistants (in order of priority as listed) and finally the college board. "Study sessions" controlled by Communists were instituted.

Then came the final phase which included the destruction of all the old universities and the total reorganization of the educational process. The Communists "estimated" the educational requirements for every area and set up schools accordingly. The old colleges and universities were renamed and restaffed. The students were distributed forcibly into these schools without regard to where they lived. Instead of English as a required language, Russian was instituted. American endowed schools were requisitioned by the state and the state controls all Chinese schools. Such is the "educational reorganization" in China.

The same thing is planned here in this country should the Communists take over. Already, students are being "conditioned" by the Fabians and the Socialists to accept many Marxian doctrines. The very same thing has happened in other countries. Those in opposition are branded as "reactionaries" and are severely denounced right here in America.

China may be China now, but the very same thing is planned for you.

## THESE DAYS

### The Vitt Letter

The letter which George N. Vitt addressed to Secretary of Agriculture Ezra Taft Benson, concerning Wolf Ladejinsky, is a long document of eight pages, typed single space. Apparently, Mr. Vitt has been waiting a long time to get it off his chest. Very little of the letter directly refers to Wolf Ladejinsky. He makes no pretense at having made any investigations concerning Ladejinsky.

The letter starts with an analysis of immigration to this country, an analysis which is strictly unrelated to the facts. For instance, he says:

"Most of immigrants coming from Russia before 1900 were members of religious sects who sought (sic) a place for free exercise of their peculiar faith. The Duhobors are a perfect example and their faith is a pagan aberration of Christianity. The Starovers, who crossed themselves with two fingers, were less 'aberrated' but fanatics just the same. These people were for the most part ignorant peasants and their cultural level was not raised as could be expected under the environmental conditions of the U. S. A. and Canada — they are still largely 'peasants.'"

Between 1881 and 1900, the immigration from Russia, Poland and the Baltic states was not large, from about 10,000 in 1881 to 90,000 in 1900 and increasing constantly. It is not true that most of them were religious refugees or peasants; most of them were middle class persons who escaped from political persecution under the czars.

Vitt says:

"Immigrants who came from Russia in the period of 1904-5 could be called draft evaders during the Russo-Japanese War—traitors to their country in spite of the fact that that war was unpopular in Russia. A great many of that wave were Jews. No matter how much that war was hated in Russia, those who stayed to fight the Japanese had mostly contempt for the deserters. These were also largely from the lower and peasant classes."

The immigration from Russia did increase during 1904-5. But the rate of increase was not startling: 107,000 in 1902; 136,000 in 1903; 145,000 in 1904; 184,000 in 1905. Actually the largest increases occurred after the Russo-Japanese War was over 215,000 in 1906; 258,000 in 1907. Draft evasion therefore was not the cause of the immigration; the cause was the oppressive conditions of life in Russia leading to revolution. Curiously, Vitt is altogether wrong about what happened in 1919 and since then. In 1919 and 1920, together, only 3,000 Russians came to this country. The highest immigration since then was in 1923 with only 21,000 immigrants. (Source for figures Historical Statistics of the United States 1789-1945, Bureau of the Census.)

Dealing then with the first page of Vitt's letter, his conclusions do not relate to the data. However, he does say that the "post-1919 wave of Russian refugees was politically and otherwise desirable." That wave includes him!

I need to quote a few paragraphs because Vitt explains his personal interest:

"It so happens that I was the only Russian speaking qualified sales engineer on the export staff of the Caterpillar Tractor Co. at that time. It also happened that the top management of Caterpillar decided to use me, a 'White Russian,' in its relations with Amtorg, thus risking to displease the obviously Red Amtorg bosses, and against my own inclinations."

"The first Caterpillar deal with Soviets for tractors was initiated by me successfully in July 1927, at the Road Building Show in San Francisco, where Soviet engineers, accompanied by secret police (posing as members of purchasing delegations) and their own interpreters. In two years Caterpillar became by far the largest individual supplier of heavy equipment to Amtorg—over \$18,000,000 worth."

"To say that I had become familiar with Amtorg is putting it mildly," etc., etc.

So, Vitt also worked for Amtorg, as an engineer, as Ladejinsky did as an interpreter. Vitt says:

"While in Siberia in 1929 the Soviets gave me an interpreter, even though my Russian was both better and more fluent than his. In one week he confessed to me that he was an MVD to report my wrecking sabotage if any—so I made him my orderly to carry my bags and camera and to hunt for food, and helped him write reports on me."

I think that I have given enough of this letter to show what it is all. (Copyright, 1954, King Features Syndicate, Inc.)

### IN WASHINGTON

#### Bricker Amendment

Whether enough conservative Democrats can be induced in this Congress to go along with right wing Republicans on measures which both favor in principle will determine in large part just how much of President Eisenhower's middle of the road program he can obtain.

Despite the change of party control, the 84th Congress takes up an unusual degree where the 83rd Congress left off. There is enough unfinished business to resume the political arguments. And the first measure which the conservatives of both parties are talking about in cloakrooms is the Bricker amendment—the restriction on the treaty making power of the executive branch of the government designed to subject to legislative review many agreements with foreign nations which are now signed and sealed with approval of the President alone.

The Bricker amendment at the last session failed by only a single vote to obtain the required 2-3 majority. The President's legislative program was slowed up by the long debate to an extent that some of that program never reached the Senate floor. But the Brickerites are ready to go to bat again, if the new Democratic senate leadership gives them a green light.

Senator Walter F. George (Dem.-Ga.) new chairman of the Senate Foreign Relations Committee, at the last session predicted that the Senate would pass some form of constitutional amendment on treaty powers. His committee will now consider the fresh demands from both sides, that such an amendment be debated again. This time it will probably be known as the George amendment. Bricker himself said he is not interested in whose name it carries, although he is taking a lead in pushing it.

Worth recalling is that 31 Senate Democrats voted last year for the George amendment, altering the form but not the purpose of the Bricker amendment. The George amendment provided that "any provision of a treaty or international agreement which conflicts with the Constitution shall be invalid; non treaty agreements may not take effect as internal law unless implemented by Congressional action; and Senate consent to ratification of treaties must be by roll call vote". Thirty Republicans voted for the same amendment.

The Coudert-Mundt amendment, proposed by two Republicans—Rep. Frederic Coudert of New York and Senator Karl Mundt of South Dakota—provides that the electoral vote for the President and Vice President shall be cast by congressional districts, one for each representative and one for each senator. Thus each district would choose one elector, and each state would name one elector for each senator. In the case of members of congress at large, one elector for each would be named from the state at large.

Under the existing constitutional provision, which has been in operation since 1804, the presidential ticket which carries a state, even by a few hundred votes, receives the entire electoral vote of the state regardless of the number of congressional districts which may have been carried by candidates of an opposition party.

The authors of the amendment claim that it affects both political parties. Some Southern senators and representatives are inclined as a group to be against it, because (1) they see no reason to change a system which has been working well for 150 years and (2) the Coudert — Mundt amendment could produce Republican electoral votes in such southern states as Tennessee, Texas and Florida, North Carolina and Virginia.

It is not predicted that the Coudert-Mundt amendment has much

chance of immediate passage. But its authors and many conservatives of both parties feel that it is essential to establishment of a two party system in the South.

Another angle, which Rep. Coudert emphasizes, is that minority groups in states like New York, directed by a few powerful political leaders, could force a minority candidate — one who received a minority of the popular vote—into the White House.

He also foresees the possibility that a third party could so divide the vote that no candidate would have a majority — a possibility raised in the elections of 1912, 1924 and 1948 — which would be met by providing for a final choice by a joint session of House and Senate from the three candidates having the highest number of electoral votes in a presidential election. A similar choice between the three highest candidates for vice president would be made immediately after and in the same way.

Under present constitutional procedure where no candidate for president has a majority, the election is made by the House of Representatives, whereupon the Senate elects the vice president.

In the last Congress the Coudert-Mundt amendment was shelved largely because Republicans felt that President Eisenhower, having carried 296 congressional districts in 1952, while only 221 Republican congressmen were elected, was so much stronger than his party that the present Electoral College system was much more to their advantage than the new plan proposed. So long as the President's

Teachers' homework, their written lessons, compositions had to be carefully corrected and the results set down as carefully. There were courses to take at the university, degrees to be garnered by hard study. There were conferences, always called after school hours, regardless of the teachers' engagements, duties. Teaching was the easiest and the least of my day's work. This has not changed. It has become more involved, more complicated, more harassing than ever.

The teachers in the cities are burdened with social work that has been steadily added to their teaching tasks. They serve milk and collect the money for it; they collect bank money and keep account of it; they sell tickets for the P.T.A.; they attend parents' meetings; they put on plays for these parents' meetings; they test the children's hearing and vision at the start of each term; they visit homes; they conduct clubs; they carry responsibility for the conduct of children whose parents feel scant responsibility for them. Meanwhile, between interruptions, they teach the course of study.

Many a parent of one child, or two or three, heaves a big sigh of relief the morning school opens after a holiday or a vacation period. Yet that same parent will, before many weeks pass be wondering why that teacher doesn't pay more attention to 'my child's' welfare and not let him be knocked down in the playground and get his clothes dirtied.

Greater salaries help make a teacher's life easier outside the school but not inside. As long as teachers are overburdened with duties, reports, conferences, meetings, courses, critical supervision that accents failure instead of success, as long as they must sandwich teaching between interruptions, they will count the days to their retirement, if they wait that long.

Baby does not touch things to be naughty, he is only learning about the world around him. Dr. Patri tells how to deal with this childhood problem in his leaflet P-6, "Touching Things." To obtain a copy, send 10 cents in coin to him, care of this paper, P. O. Box 99, Station G, New York 19, N.Y. (Released by The Bell Syndicate, Inc.)

**Teachers' Tasks**

"I can't understand this teacher shortage. They work five hours a day for five days. A 25-hour work week. Who else has that? Every possible excuse for a holiday they have it. Then the long vacation. After that they get a pension. They get good salaries, a good sight better than the taxpayers who pay for the schools get. I don't understand this business of 'no teachers.'"

I do. I understand it well. I was one for many years. Five hours a

Small vs. Large Schools

"Dr. Crane, what about the merits of a small college (under 1,000) to a big university (10,000 students)?" others will ask.

This is a debatable question. I've had my training at big universities and have taught therein. But my children have tried both.

And I believe, as a general rule, the professors in the smaller colleges are more unselfish. By that, I mean they take more personal interest in the welfare of their students.

In the bigger universities, students are often regarded impersonally as just numbers on a class roll book, while the professor is trying to finance himself financially.

Professors at small colleges thus mingle with the students more informally and show more school spirit. They go out to games and root for the team more ardently, which is the proper attitude of any good prof.

Send for my "Test for Good Teachers," enclosing a stamped, return envelope, plus a dime. It will let you rate the teachers in high school or at college.

## Paul Harvey--News

### Long Winter

For a quick start on a cold morning you need a rich mixture. That's why you adjust the carburetor. Richer. It takes more gas, but you're willing to pay the price for the extra power you need for smooth running.

When summer comes you can lean the carburetor down again. Save fuel.

When we know what's coming we can prepare for it. Save ourselves. A man out to run a mile in four minutes walks to the starting line.

The United States and Russia are unequally handicapped in the current arms race.

We must be ready to strike at any moment. World War Three will be decided with the men and equipment which are presently available on the day that conflict begins.

We must be ever ready because we don't know when that day may be.

The Soviets, on the other hand, can gear their preparation to a specific timetable because they know it is they . . . who will name the day.

Despite this handicap, the United States is keeping abreast. And we're ahead in the critical development of guided missiles. Intercontinental guided missiles, capable of spanning the oceans with an H-bomb in the warhead.

We have yet to conquer the problems of metal fatigue under the excessive heat generated at tremendous speeds, but we're getting there. Already today, for research and development, we are spending more on missiles than on aircraft.

In 1954 we spent ninety-two million for missile research. Three times what we spent on aircraft research. And we spent half a billion on missile procurement!

In this strenuous race we have to run with a rich carburetor the year around. It's more expensive,

but we are running against both our adversary and the clock, since we have no idea where the goal is.

The tape may be a hundred yards away . . . or a dozen miles. A month . . . or many years.

Russia may pace herself. Conserve her strength.

We must maintain top speed from the start, for it may be only a hundred - yard dash and we must not be overtaken at any point.

This month President Eisenhower is going to ask us for a record "peacetime" military budget to keep us strong plus three billion dollars worth of hardware and help for our friends.

I do not know how long we can hold our own before we collapse from sheer exhaustion of this unequal contest.

But sometime between here and there . . . sometime before we gasp our last or slip on an economic banana peel perhaps the technological genius of free Americans will provide the one final weapon of annihilation . . . one total weapon which, without fail, can obliterate a nation.

Then we may stop running . . .

And, resting a heavy finger on a hair - trigger, sit back and enforce peace.

If the Good Lord keeps entrusted those who love him with bigger weapons . . . it is not for our destruction . . .

But for our deliverance.

Respectfully,  
Paul Harvey

## Facts Worth Knowing

When William Bissell was elected as first Republican governor of Illinois, John A. Logan, then a state representative, protested Bissell's eligibility on grounds that Bissell disqualified himself by acceptance of a challenge to fight a duel with Jefferson Davis.

## PORTRAITS

## Worry Clinic

By Dr. George W. Crane

Betty wants to know where to go for college. And her Daddy asks about the merits of big universities vs. colleges of less than 1,000 students. Save this Case Record for discussion at high school, for it answers a lot of questions on this subject.

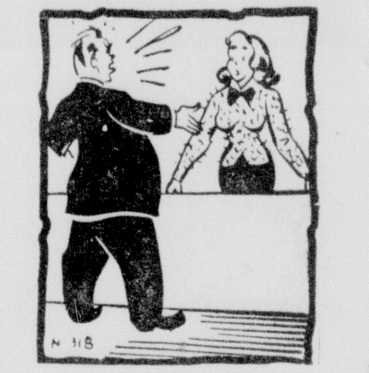

Case N-318: Betty J., aged 17, lives in California.

"Dr. Crane, I want to go to college next term," she began.

"My Daddy suggests I attend here at home, but I'd like to go to a college back in Ohio."

"He thinks that's too expensive. But I tell him Mother attended there and I'd like to go to the same school."

"So what would you advise me to do?"

Which College

Thousands of you teen-agers or your parents write to me every year asking "Which college would you recommend?"

That's about like asking "Which drug store should I patronize?"

For all liberal arts colleges teach about the same things and of about the same quality.

Wouldn't it be silly for Betty to want to come back to Ohio to patronize a certain drug store just because her mother patronized that same pharmacy 25 years ago?

Well, the analogy is fairly accurate between drug stores and colleges, as regards their standardized offerings to the public in their specific fields.

There are a few colleges which haven't succumbed to the modern "rah-rah" social stampede about having fraternities and sororities, but except on this one point, there is scarcely any significant difference between a California college or one in Ohio, New York or Vermont.

How To Pick College

As a rule, therefore, I recommend a college within reasonable distance from your home town, say 300 miles.

For you will get homesick and want to return during the various school holidays. It costs too much to be commuting from a college 1,000 to 3,000 miles away.

Furthermore, private colleges now charge \$500 to \$600 per year tuition, in addition to the other board, room and book costs.

Your state schools give you the same courses with much less tuition, maybe \$150 against \$500, so you save \$350 there each year.

If you attend college in your home town, you can live at home and save money in that manner. But you miss the very valuable experiences of being away from Mamma's apron strings.

So it is worth living away from home for at least one year, just to be thrown on your own.

Then you must make your own friends and fend for yourself, which is the most important single thing you learn from that first year in college, anyway.

Small vs. Large Schools

"Dr. Crane, what about the merits of a small college (under 1,000) to a big university (10,000 students)?" others will ask.

This is a debatable question. I've had my training at big universities and have taught therein. But my children have tried both.

And I believe, as a general rule, the professors in the smaller colleges are more unselfish. By that, I mean they take more personal interest in the welfare of their students.

In the bigger universities, students are often regarded impersonally as just numbers on a class roll book, while the professor is trying to finance himself financially.

Professors at small colleges thus mingle with the students more informally and show more school spirit. They go out to games and root for the team more ardently, which is the proper attitude of any good prof.

Send for my "Test for Good Teachers," enclosing a stamped, return envelope, plus a dime. It will let you rate the teachers in high school or at college.

## DOROTHY DIX

## Her Four Bounding Youngsters

Parents Of Young Divorcee Warn Her  
Not To Wed Nervous Ex-Service Man

By DOROTHY DIX

DEAR MISS DIX: I am a divorcee, 26, with four small children. My ex-husband is married, but supports the children and sees them on week ends. Recently I met a nice young man who apparently is very fond of me and the youngsters. My family objects to him as a serious suitor because he's very nervous, a result of service overseas. My parents say he would never become adjusted to a home with active children. What do you think?

Lenore

NOT FOR NERVOUS PERSON

ANSWER: I think your parents are right. You are young, healthy, and devoted to your family, yet I'm quite sure they get on your nerves occasionally. Can you imagine what they'd do to an extremely nervous man who has no such personal interest in them? If you need assurance, seek an interview with your friend's doctor. He can tell you exactly what are the prospects of complete recovery for your friend.

DEAR MISS DIX: For five years, since I was 38, I have kept house for a bachelor 10 years my senior. He is a successful businessman with a good income, but he's very stingy about my salary. He promises things such as jewelry instead of wages but never produces. On a few occasions he has mentioned marriage, quite casually, but never sticks to the subject. He also promises to leave me some property in his will. Would I be better off in a more lucrative job?

Gertrude T.

ANSWER: Your employer is using a very effective system to keep a good housekeeper at low wages. Promises cost nothing. So, as long as you're satisfied with words, you may be sure he'll never come across with dollars. Certainly there is no future in your present job. As a good housekeeper you are worth quite a nice salary and there are lots of families willing to pay it. Don't waste your time any longer.

DEAR MISS DIX: I have two boy friends and can't decide which to choose. Both are cute, both are good dancers, but Lonny is very moody and Ed is quite conceited. I am 17 and they are both 18. I don't expect a perfect boy friend, but I would like to know which of these two would be preferable. I have to make up my mind soon because where I live a girl is considered fickle if she goes with more than one boy.

L. M.

ANSWER: I think the attitude of your town needs overhauling. Why should you be forced to make a choice between two young men when you have no deep interest in either of them? However, since you must conform to custom, take the boy who's more fun to be with. Both conceit and moodiness in a teen-ager can be cured.

DEAR MISS DIX: I am in my freshman year at college and would enjoy it very much were it not for my extreme self-consciousness. I am shy and nervous, particularly in a crowd. I'm afraid my life is at a standstill and that I'll never conquer my fears. Although I am 19 I have had but two dates in my life.

Eric J.

ANSWER: Education is supposed to teach self-confidence, and I'm sure if you give your college half a chance it will accomplish for you what it has done for so many others. Your teachers, faculty advisers, guidance counselors and many others are on the campus for the sole purpose of helping you. Don't be afraid to ask their advice; they know student difficulties. They'll lead you to the activities that will be most helpful to you, suggest good books, and aid you to pick courses in which you will find particular interest.

Write DOROTHY DIX for free leaflet D-12, "A Considerate Approach." In all cases, be sure to enclose a stamped, self-addressed envelope and send request to her, care of this newspaper.

Mapped By  
Jena C. Of C.

JENA, Jan. 7 —(Special) — A concerted effort to complete a proposed recreation program for Jena and an intensive campaign for widening and straightening the Jena-Whitehall stretch of U. S. highway 84 highlight the plans and aims of the Jena Chamber of Commerce for the coming year.

This came out of discussions at the first meeting of the organization in 1955 this week. Dr. Campbell, president of the group, stressed that the Jena CC and people of this area have never objected to a proposed highway south of Catahoula Lake offering a more direct connection between Alexandria and Natchez, Miss., but they feel that widening and straightening the winding stretch of U. S. 84 between Jena and Whitehall is of great importance, especially for through traffic east and west.

Other parish leaders close to highway needs, particularly oilmen and truckers, point out that the Jena-Whitehall link of U. S. 84 is "one of the worst stretches of road on a through highway in the nation" and all are urging some relief for the situation.

The Jena CC president appointed a committee composed of Mayor Nick Edwards of Jena, E. W. Plummer, secretary-manager of the Jena CC, J. E. Cammack, Lloyd Thompson, president of the LaSalle parish police jury, State Rep. W. T. Hodges, Jr., and State Senator Gove Davis of Olla to contact highway department officials and urge consideration of this project "which is one of our greatest immediate needs."

Discussion of the recreation program for young people in Jena and the immediate vicinity also aroused considerable interest at the CC meeting. Possibilities of launching a fund-raising campaign within Jena and Ward 4 or within a "recreation district" centered on Jena were discussed at length, with the district plan gaining most support.

The town of Jena, by action of the board of aldermen already has set aside the parking meter funds for at least the next four years to help finance the recreation program and in the near future C. A. McCartney and James Hodges, town councilmen, will call a meeting of representatives of clubs, organizations and other agencies in the area to further discuss this problem.

Johnston Funeral  
Set This Afternoon

Funeral services for William Marshall Johnston, 58, who died suddenly while working at his job as a railroad engineer shortly after midnight last night, will be held at the Chapel Hill Church today at 3 p.m. Kilpatrick Funeral Home, of West Monroe, will have charge of arrangements.

A veteran of World War I, Johnston was a member of the American Legion, Brotherhood of Locomotive Engineers, Shriners, Order of the Eastern Star, and a member of the Emanuel Baptist Church, in Alexandria.

He is survived by his wife, Mrs. Beatrice Wales Johnston; two sons, W. M. Johnston, Jr., and Edward L. Johnston both of Crowley; two brothers, David E. Johnston, Houston, Tex., and J. D. Johnston, Shreveport, and two sisters.

By 1965, there will be 81 million motor vehicles in the United States, the Automobile Club of New York estimates. Placed one above the other, the cars would make a column 65,000 miles high — more than a quarter of the distance to the moon.

## Why Grow Old?

By Josephine Lowman

That Something In The Air  
Is Women Getting Thinner

Do you feel a special something in the air, a special feeling of uplift and lightness, a sense of sloughing off the old and burdensome and taking to heart a new and more vibrant and happier way of life?

Well, if you do, it is because thousands of women in the United States, in Canada, and in other parts of the world, have joined my Eight-Week Self-Improvement Marathon and are taking their daily routines seriously.

I always get a big kick out of this series I write each January because I know so well how much it will mean to so many women, in increased energy, more physical attractiveness, a loss of self-consciousness, and therefore richer living.

When the mail pyramids, as it always does, I feel wonderful! This also puts pressure on me because I cannot afford to be like the bald headed man who was selling hair tonic.

## Take It Easy

Let me give you a word of warning about exercise. Once a woman decides that she is going to "do something about it" she is apt to use little judgment about the amount of exercise she takes. She thinks that if a little is good, more is better.

To the contrary — for health's

sake and for your own comfort — take it easy! Begin by doing each exercise only five times and gradually work up to doing each exercise 30 or 35 times daily. If you are unaccustomed to exercise, start very slowly, because if you don't, your muscles will become so sore that you will give the whole idea up.

No matter how slowly you begin, you will experience some soreness in your muscles, but continue, and after a week or ten days, this will pass. Take this advice seriously. So many times, when teaching figure - molding classes, I have had to go to my pupil and insist that she "take it easy."

## Eight Weeks to Improve

In case, by some strange circumstance, you do not know about my Eight-Week Self-Improvement Marathon, it is just eight weeks during which you adopt corrective measures I send you, to see how much improvement you can make in eight weeks' time. In August of each year I print some letters from Marathon winners: those women who accomplished the most in eight weeks. I do not use your name unless you request that I do so.

If you would like to have my brand new Marathon Booklet which covers the most common

figure problems, and also gives you Self-Analysis aid, and a Personality-Development Chart, send ten cents and a stamped, self-addressed envelope to Josephine Lowman in care of this newspaper.

Drownings Led Violent  
Death Parade Here In '54

Violent deaths, with drownings topping the list for a total of 11, accounted for 78 persons who lost their lives in Ouachita parish during 1954, the coroner's annual report showed yesterday.

Ten persons' deaths were classified as homicides—loss of life due to the willful or negligent actions of another person, and nine were accounted for by suicides. Nine died as the result of accidental burns, and seven were killed or died from injuries received when they were struck by automobiles.

Four persons were killed in automobile or truck collisions, and three died from injuries received when they fell from their beds.

Other violent deaths were classified as follows:

Accidental asphyxiation, 1; accidental shooting, 2; carbon-monoxide poisoning, 1; crushed by tractor, 2; dive from trees into river, 1; exhaustion, 1; mutilation by cotton stalk cutter, 1; struck by motor scooter, 1; struck head against a table, 1; thrown from horse, 1; traumatic birth injury, 1; truck collision, 2; van-type truck accident, 1.

Two autopsies were performed during the year.

Dr. French was also summoned to investigate the deaths of 387 persons who died without an attending physician.

It is the duty of Dr. French, as parish coroner, to investigate all deaths that occur without an attending physician. The coroner then files the death certificate, stating the cause of the death

(which is the normal function of the attending physician), and holds inquests in event there is evidence of possible foul play, or if there is some question as to how the death occurred.

The coroner also was summoned in 130 other cases last year, most of them involving mentally incompetent persons.

## Election Of Officers And Program Of Music Featured When Music Educators Meet

Election of officers and a program of music were featured at the first meeting of the Northeast State chapter, Music Educators National Conference. Co-hostesses for the affair were Sarah Batton and Betty Spurlock, who entertained in the home of Mrs. Florence Z. Albritton, Northeast State music faculty member and sponsor of the organization.

Charles Stovall of Monroe was re-elected president of the chapter, and Betty Spurlock of West Monroe was re-elected vice president. Other officers are: Howard Jackson of Monroe, secretary-treasurer; DeJuana McCormick of West Monroe, reporter; and Sarah Batton of Monroe, historian.

The president appointed committee chairmen to serve for the year. They include: Betty Spurlock and

## OES Officers Are Installed

FERRIDAY — Wednesday marked the date of the installation of newly elected 1955 officers of the Order of the Eastern Star, Texas No. 116 at St. Joseph. Mrs. Mary Goodwine served as the installing officer and was assisted by Mrs. Effie Lofton as the marshal.

The following new officers were installed at this time: Mrs. Martha Clarke, worthy matron; George Edmonds, worthy patron; associate matron, Mrs. Mary Edmonds; associate patron, Clyde Williams; secretary, Mrs. Lila Baker; treasurer, German Baker; conductress, Mrs. Mona Martien; associate conductress, Mrs. O. Williams; chaplain, Mrs. Lela Whitaker; organist, Mrs. Hazel Wimberly; Adah, Mrs. Gladys Biggs; Ruth, Mrs. Bertha Mahoney; Esther, Mrs. Henrietta Ferrilla; Martha, Mrs. Mary Martien; Electra, Mrs. Mona Lee May; warden, Mrs. Vignette Tillman and Sentinel, E. H. Biggs.

## Riding Club Will Meet

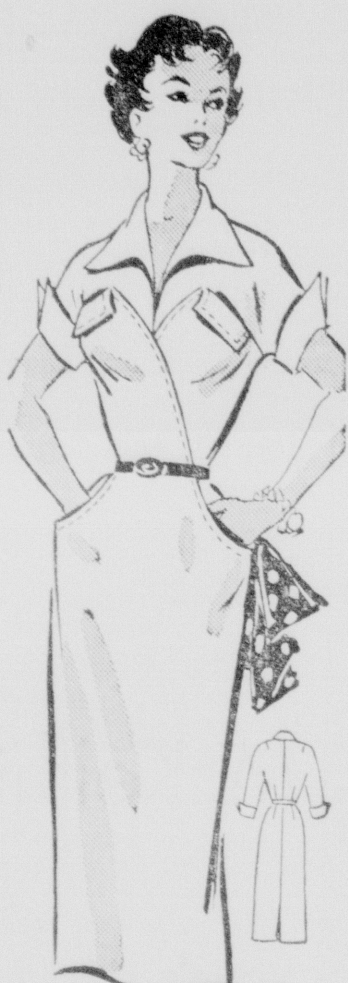

The West Monroe Riding Club will meet Sunday at 2:00 p.m. at 709 Coleman avenue, West Monroe. All members are asked to attend.

## Slender Sheath

4572 by Anne Adams

Smart new slant to fashion — the novel slant to the bodice of this slenderizing sheath — figure praise with every step you take! Sew one version with short sleeves, other in three-quarter length just right for a casual faille, wool or crisp cotton!

Pattern 4572: Misses' Sizes 10, 12, 14, 16, 18. Size 16 takes 3 1/2 yards 39-inch fabric.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions. Send thirty-five cents in coins for this pattern — add 5 cents for each pattern for 1st-class mailing. Send to Anne Adams, care of Morning World, 316 Pattern Dept., 243 West 17th St., New York 11, N. Y. Print plainly name, address with zone, size and style number.

Mrs. Thomas Jett, president, presided at the meeting. After a brief business session, the meeting was turned over to the program chairman, Mrs. A. B. Myatt.

Mrs. Myatt presented the guest speaker, Mrs. A. T. White, Jr., who gave a most interesting review of "The Captain From Castille" by Samuel Shellabarger. She asserted that Samuel Shellabarger an American writer was born in 1888 and he had two pen names, John Loring and John Esteban.

The story, she said, is a thrilling adventure in Spain and Mexico. Here is a picture of a new world unfolding before the sword of tough-minded Cortes. It is the authentic life of the 16th century with its manners and crudeness, its gaudy and cruelty, its passion, its pride, its lust for life and its sudden death. Here are lively people out of the past, as real and warm as today.

The author, Shellabarger, is

## President Of Pilot Club Predicts Growth In 1955

Predictions for the growth of the club during 1955 and reports of activities during the past year were the main topics heard at the regular meeting of the Monroe Pilot Club, which met Tuesday at the Rendezvous. Mrs. Ida Rose Strohn, president, presided at the meeting.

Speaking to the group shortly after the opening of the meeting, the president pointed out the activities during the past year and expressed an opinion that "with so much interest and enthusiasm being shown in the first meeting of the new year, we can not help but go forward."

In other reports, the members heard Mrs. A. D. Tisdale give a talk on legislation, outlining the work of various departments of this branch of the government as well as ways of formulating the legislation as it is handled in the country.

Mrs. Emma Lou Perkins, civil defense chairman, gave a report on the activities of CD, including the alert from Tinker field on Dec. 8 and the program held on Dec. 8 commemorating Pearl Harbor Day. "We cannot afford to be without civil defense... Our way of life depends on how well we fulfill our defense requirements," she said.

Two new members, Mrs. James N. Riddle and Mrs. Florence McKoy, were present for the meeting. Both were welcomed into the organization, with the president stating "that the club will be greater because of these two members."

Members present were: Zola Smith, Alyne Newsum, Anna Mae Breece, Winona Probus, Lurline Wade, Margaret Redfield, Nona Martin, Florence McKoy, Katie McGee, Leta Tisdale, Lucille Coats, Laverne Riddle, Cecile Parker, Ellen Thompson, Lillie Mae Carroll, Ida Rose Strohn, Lucille Barrett, Zera Edwards, Mary Burt Carol, Hazel Garlington, Lois Mockabee and Emma Lou Perkins.

## PTA Committees Hold Meetings

Meetings of committees and the board of managers of the Louisiana Parent - Teacher Association will be held in Alexandria at the Hotel Bentley Friday and Saturday, January 7 and 8.

The Executive Committee will meet Friday night at 7 p.m. and simultaneously the nominating committee will meet for the selection of candidates for office to be elected at the convention to be held in Shreveport April 21-23, 1955.

At the Saturday morning session of the board of managers, beginning at 9:00 a.m., Mrs. J. S. Goff, Shreveport, president will preside and will give her semi-annual report of P-T-A activities.

Dr. Harley Smith, Lafayette, program chairman for the convention will present his program for approval to the board. Mrs. I. R. Reynolds, Shreveport, convention chairman will also report. Local state board members attending this meeting Saturday include Mrs. W. S. Vincent, past president, Mrs. George Varino, Mrs. F. D. Luton, Fifth district director and Mrs. G. B. Wilson.

## Cheryl Frazier Celebrates Fifth Birthday

Cheryl Frazier, daughter of Mr. and Mrs. Fred M. Frazier, celebrated her fifth birthday with a party Wednesday afternoon in the Crystal Ballroom of the Virginia Hotel.

A beautiful birthday cake embossed in pink and white centered the long table. Adding to the festive occasion were colorful favors and balloons.

Invited to celebrate the birthday with Cheryl were: Robin Frazier, Carol Husted, Mary Ann Atkinson, Edmund, Ewing and McCay Brown, J. J. Dixon, Jimmie Ewing, Jennifer Frazier, Brenda Bell, Robert McCue, Lynn Loflin, Vee Marshall, Laurelle Neal Richard Kellogg, Bernie and Mary Virginia Oakland, Day Oakley, Mike Sager, Sharon, Heath and Arden Allen.

Also, Cathy and Susan Savage, Martha Terzia, Marilyn and Nancy Word, Bonnie Bancroft, Toby and Will Frazier, Jimmie and Don Pat Frazier, Mike and Larry Mullens, Bill Riley, Milton Moore, Betty and Tommy Sandridge, Susan and Hank Johns, Dickie Touchstone, Robert Shelton, Bert Land, Cathy and Chuck Smith, Cynthia Terzia, Bill McSherry, Susan Stone, And, True Guerriero, Nelson and Hughes Abell, Pam and Louis Milner, Virginia Harkey, Rhymes and Robert Oliver, Byron Goynne, Carla Fishman, Steven and Andy Mintz, Billy Ferguson, Lala Snapp, Nellie Neal, Lucy Burton, Mary Beard Hayes, Kathleen Riley, Terri Rubin, Jane Wilbert, Jim Holmes, Fred Fudickar, Bill Kellogg Steve Searcy.

Assisting Mrs. Frazier with the courtesies were Mrs. Fred Westrom and Mrs. Ed Crowley.

Funeral Services  
For Tensas Juror  
Set For Sunday

NEWELLTON, Jan. 7 (Special)—Funeral services will be held Sunday for R. B. Lynch, Tensas parish police juror from Ward four, who died early Friday at his home, Mound Bayou Plantation, near here.

Funeral services will be held at 2 p. m. in the chapel of the First National Funeral Home in Winnsboro with Rev. Art Baker officiating, assisted by Rev. E. D. Smith. Interment will be in the family cemetery at Mound Bayou. He is survived by his wife, Mrs. Minnie T. Lynch; mother, Mrs. Minnie O. Lynch; one step-son, Dennis Hamsbrough, of Waterproof; two step-daughters, Mrs. Bert Wheeler, of Bastrop, and Mrs. Jane Duncan, Natchez, Miss.; one brother, Dan M. Lynch, Waterproof; one sister, Mrs. Bettie L. Wactor, Newellton.

Pallbearers will be Tate Hargrove, Henry Womble, Billy McCoy, Thompson Clarke, Phillip Watson and Bill Poe. Honorary pallbearers will be all members of the Tensas parish police jury and W. W. Burnside, Dr. Joseph R. Whitaker, Dr. W. A. Chapman, and D. S. McCarty.

Woman Celebrates  
101st Birthday

ST. JOSEPH, Jan. 7 (Special)—A Negro woman, who is proclaimed as St. Joseph's oldest citizen, celebrated her 101st birthday here this week.

The aged Negro woman, Harriet Dunham Cullens, is also believed to be one of the state's oldest citizens.

She was born in 1854 in Natchez, Miss., and her mother was a slave. Her mother was bought in Winchester, Virginia in the 1840's by a Dunham family of Natchez. As a slave the child carried the name of the family that owned her mother until she married and took the name of Cullens.

In 1877, when the elderly woman was 13 years old and the Civil War was over, the family was freed and moved to St. Joseph.

Due to poor eyesight the aged Negro is unable to be active, but a granddaughter with whom she makes her home, said that she enjoyed the birthday party given in her honor.

She had five children, but only two are living today. She has eight grandchildren and five great grandchildren.

Accused Forger  
Caught By Means  
Of Fingerprint

BATON ROUGE, Jan. 7 (UP)—A lone fingerprint on a softdrink bottle led to capture of an accused forger traced to Greenville, Miss., Sheriff Bryan Clemmons said today.

George Reitzel Hill, 50, of High Point, N.C., was booked yesterday on four counts of forgery and theft, Clemmons added.

Hill is accused of cashing several worthless checks in local stores last November.

Sheriff's deputies George LeBlanc and T. J. Bankston went to the address given on one of the checks involved and found an empty apartment but a fingerprint on the bottle.

With help of state police and FBI records, Clemmons said, Hill was traced to Greenville where he was arrested Dec. 21 on drunk driving charges.

License On Sale  
In Farmerville

FARMERVILLE, Jan. 7 (Special)—Automobile and farm truck license plates are now on sale at the Court House in Farmerville. Evans Redden, deputy collector of revenue, is in charge of the sales. Only \$2.00 farm truck and car license plates will be sold here, Mr. Redden said. The collector will be at the Union Parish Court House each day from 8 a. m. to 5 p. m., through February 5th.

Reds Accused Of  
Hiring Nazis In  
East Germany

BERLIN, Jan. 7 (UP)—The U. S. high commission formally accused the Communists Friday of giving influential positions to former Nazis in East Germany and trying to conceal their past from the people.

The commission issued a statement aimed at offsetting frequent Communist charges that the West employed former Nazis in government positions, while they were barred from office in the Soviet zone.

Naming five members of parliament, including a government minister, as former Nazi officials, the statement said: "Evidence available to the office of the U. S. high commissioner in Berlin discloses that under Soviet and Communist control, former Nazis are holding leading positions in East German political life, although the regime has made obvious efforts to conceal the past affiliations of these public officials from the East German people from the world."

The statement named Dr. Wilhelm Feldmann, East German minister for light industry; Rudolph Agsten, Liberal Democratic party leader in the Soviet zone; Dr. Gertrud Korb, district leader of the Communist controlled national front organization, and Dr. Heinz Funke and Dr. Heinrich Allmeroth, members of the East German Communist party.

The high commission statement said Feldmann joined the Nazi party in 1937, and Funke was a former SS captain and Nazi party member.

It said Dr. Korb belonged to the Nazi party from 1937 until war-time.

Allmeroth applied for Nazi party membership but was rejected because of a criminal record, the statement said. However, he was described as an honorary member of the SS and a member of the National Socialist Fighters' Corps.

Agsten was a member of the Nazi party, the commission said.

Plans Given Nod  
By Health Service  
For Parish Center

LAKE PROVIDENCE, Jan. 7 (Special)—Preliminary approval was given by the public health service in Washington Thursday for a \$37,618.75 public health center for East Carroll parish.

The announcement was made by Senator Allen Ellender's office.

Estimated federal share of the cost of the center, to be built in Lake Providence, will be \$24,076.

A one mill tax was voted in East Carroll parish in November, 1954 to cover the remainder of the cost. The tax was voted for one year.

At the present time the health center is housed in the old courthouse here.

Frank Byerley, secretary of the parish police jury, said that the new center would probably be erected on the courthouse square.

Benson Defends  
Flexible Farm  
Price Supports

CHICAGO, Jan. 7 (UP)—Secretary of Agriculture Ezra T. Benson said Friday flexible price supports can't be blamed if farm income from basic crops drops this year.

Flexible supports will not be the reason for any income decline, he said, because all but corn and wheat of the six basic crops are expected to be supported at the same high level of support as was in effect before the flexible act was passed.

"The reduction will come, if it comes at all, from the curtailment of acreage and production made necessary by surpluses accumulated under the earlier program," he said.

At a news conference before his address, he said he thought the 1955 overall farm outlook is "very good," although "not quite as good as I would want." He said he is "very hopeful" the new Democratic-controlled Congress will give the flexible price support system "a chance to work," and that he felt bi-partisan sentiment was stronger for the program now than in the past.

One of the greatest worries still facing government farm officials is the drought, he said, which still affects 900 counties in 18 states.

\$14,431,319 Spent  
On Road Projects  
Finished In 1955

WASHINGTON (UP)—The Bureau of Public Roads said today some \$14,431,319 was spent in highway construction projects completed in Louisiana last year.

The bureau said \$8,963,105 had been set aside for construction in Louisiana for the fiscal year ending June 30, 1955. Of the total, \$3,836,826 is apportioned for primary highways, \$3,561,637 for secondary roads, \$2,535,907 for urban highways and \$2,824,725 for the interstate system.

Included in the \$14,431,319 was \$7,191,267 spent by the federal government with the remainder contributed by Louisiana. The federal state program covered some 143 miles of construction.

## FBI Asked To Probe Dynamiting Of Truck Lines

SAN ANTONIO, Jan. 7 (UP)—

Police Chief George Bischoff said Friday he has asked the FBI to help investigate attempts to dynamite one motor truck line and to burn another because he believes Communists may be responsible.

He said he believes Communists may also have tried to stir up trouble in other parts of Texas.

"The unions have been fairly well regulated and they don't go in for roughhouse like this," Bischoff said. "I think there is a possibility that the acts of violence were a deliberate attempt by subversive elements to stir up labor-management trouble."

Someone tried to dynamite the Alamo Motor Lines office Thursday. Ten charred sticks of dynamite were found in front of the office. Police said it looked like the work of a professional and the only reason they didn't blow up the office was because the fuse was

coiled so tightly it smothered itself.

The dynamite was discovered only a few hours after someone poured five gallons of gasoline on the office of the Lee Way Motor Freight Lines 15 blocks away and set it afire. The fire was put out. Bischoff said there have been other cases in Texas where there has been attempted violence suspiciously similar to the cases in San Antonio.

Police at first were inclined to blame both of Thursday's incidents on labor trouble, but officials of both companies agreed they had had no disputes which might be responsible.

W. E. Wheeler, president of Alamo Motor Lines, said he "saw no point for intimidation at this time."

"Contract negotiations do not begin until Feb. 1 and there has been no friction so far," he said.

Meanwhile, Detective Capt. Joe

Hester said he has had "some luck" in tracing the brand of dynamite which was found at Alamo Motor Lines. He said experts of E. I. duPont de Nemours, the manufacturer, were "working on it."

More Men Are  
Hospitalized  
Than Women

CHICAGO, Jan. 7 (UP)—More men are hospitalized than women, a nationwide survey showed Friday.

This is true despite the fact that one-sixth of all persons admitted to hospitals in one year were pregnant women.

The survey was made by the Bureau of Medical Economic Research of the American Medical

Association and reported in the AMA journal.

It showed that on one day in 1953 there were 1,206,592 persons in 6,539 of the nation's 6,840 registered hospitals. This included 642,158 men and 564,436 women — or 77,720 more men.

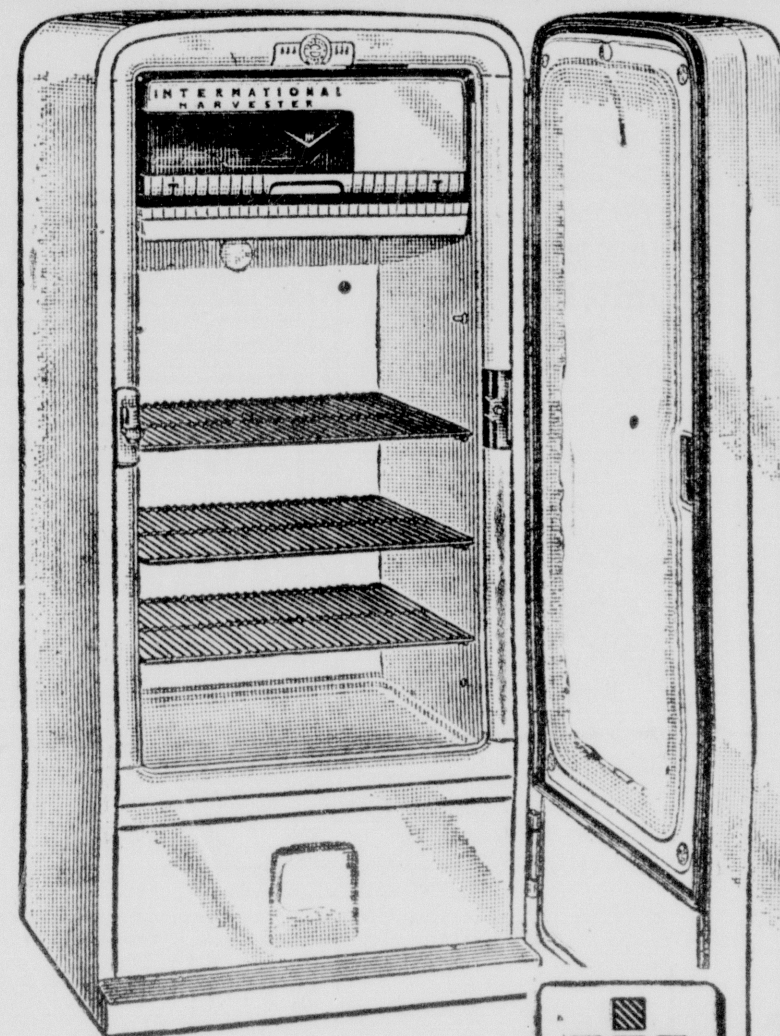

Frank G. Dickinson, director of the bureau, said this "strongly implies that (men) are the sicklier and more hospitalized sex," but the survey gave no definite reason for the ratio.

Walter Winchell

# Lights Over Broadway

Headlined story from the Associated Press: "N. Y. Jennifer Jones Hides After Flop. After 'Portrait of a Lady' folded Christmas night, its star Jennifer Jones, who made her Broadway bow in the play, went into hiding."

Hiding? She sat in the 2nd row—one seat off the aisle—with her husband in front of us at the biggest opening of the Broadway season, "The House of Flowers."

From Ben Gross' radio-telev col'm: "Most press releases end in the waste basket. But not the publicity handout sent to this office to ballyhoo 'Favorite Farm Daughter.' It was a basket of luscious L. I. potatoes and brussel sprouts, which I promptly ate!"

Silly boy. You gotta cook 'em first!

Headline: "Arthur Godfrey and Friend Buy Miami Hotel." Giving him a place to stay when he buys the City.

The eyebrow-raiser in the Arthur Godfrey to-doodle is the employee who quit with the explanation that he "couldn't survive by earning \$250 weekly."

It reminds us of one of our favorites: "The estimate of a fair salary depends on whether you're giving it or getting it."

catch the thief!" she asked. "We don't solve these things like 'Dragnet' in half an hour, lady," he said. "We have no product to sell."

Victor Mature's line: "I don't even want to think about marriage again until I'm at least 50."

This is awfully short notice, Vic.

Some comics were talking shop at the St. Bon. "I wouldn't," said one, "wanna be in a spot like Berle, worrying about losing his sponsor to Gleason."

"I wouldn't wanna be in a spot like Gleason," rejoined another, "worrying about Berle stealing Buick back!"

Movi critic Bosley Crowther (reviewing "Country Girl") showed off: "Gene Reynolds as a backstage myrmidon."

He means a cop.

In Sardi's some showfolks were chatting about the wedding (very soon) of dramatic critic G. J. Nathan and actress Julie Hayden.

"I guess," one said, "Julie will give up her career."

Any chance," almost wept an actor, "Nathan will give up his?"

Robert Mitchum's announcement: "You come to a time, dad, when you have to work at something other than winding up with the girl in every movie."

Oh, buy a cab!

Puffbluff: Deborah Kerr's recipe for insomnia: "I drink a warm can of beer and read a cold book." Cracks like that keep me awake!

Like many actresses, Gladys George (who died recently) was known for being "on stage" all the time. Once, an indiscreet interviewer wondered about her four mar-

riages. "What made you change husbands so often?"

"I wasn't changing husbands," edited Gladys. "I was changing audiences."

From E. V. Durling's column: "To keep a husband happy a wife must continually vamp and mother him. So claims an expert on life among the married. Keep it in mind, lady. When you get your husband alone start to vamp him. Turn the charm on. Feature provocative perfumes, plunging necklines, etc. Make goo-goo eyes at him. However, don't forget to mother him. At breakfast is a good time for that. Tickle him tenderly under the chin and say: 'Does mama's cute itty-bitsy boy want some more cream in his coffee, does him?'"

Put down that typewriter, E. V., and come along quietly.

Harness - broken moose are being tried as farm animals in the Siberian Arctic, according to a United Nations report.

## Jane Russell Signs \$1 Million Contract

HOLLYWOOD, Jan. 7-UP—Bosomy actress Jane Russell is due to arrive here from Europe Friday night to learn she has been signed to a contract with producer Howard Hughes amounting to more than \$1 million.

Attorney Sam Zagon, who signed the pact on her behalf with Hughes earlier this week, said that under the agreement the actress will receive \$1,000 weekly for 20 years.

## Jack Webb Plans To Wed Actress

HOLLYWOOD, Jan. 7-UP—Television's Jack Webb announced Friday he will marry former actress Dorothy Towne next week somewhere in the Midwest.

It will be the second marriage for both. Webb formerly was married to actress Julie London, whom he divorced last month after reaching a \$350,000 settlement. Miss Towne once was married to cafe owner Leo Pavich.

riages. "What made you change husbands so often?"

"I wasn't changing husbands," edited Gladys. "I was changing audiences."

From E. V. Durling's column: "To keep a husband happy a wife must continually vamp and mother him. So claims an expert on life among the married. Keep it in mind, lady. When you get your husband alone start to vamp him. Turn the charm on. Feature provocative perfumes, plunging necklines, etc. Make goo-goo eyes at him. However, don't forget to mother him. At breakfast is a good time for that. Tickle him tenderly under the chin and say: 'Does mama's cute itty-bitsy boy want some more cream in his coffee, does him?'"

Put down that typewriter, E. V., and come along quietly.

## School Officials

### Visit Schools In La Salle Parish

JENA, Jan. 7.—(Special)—Officials of the Jefferson Davis parish school board visited LaSalle parish this week for the purpose of inspecting the Negro high school at Goodpine and the LaSalle parish school board office building at Jena, with the view in mind that they may use the plans of the building for similar structures at

Jennings, Fred Shiel, superintendent of LaSalle parish schools, announced.

In the visiting delegation were L. H. Richard of Jennings, superintendent of Jefferson Davis parish schools; Anthony Jennings of Elton, president of the Jefferson Davis parish board of education, and Max Heimbarg and Robert Brown, architects of Alexandria.

The visitors were particularly impressed with the planning of the Goodpine (Negro) high school and also were high in their praise of LaSalle parish for providing such modern and up-to-date facilities for Negro patrons and students.

Especially noteworthy, the visitors said, was the construction of the school with open corridors and steel decking roof. They termed it one of the "most unusual" and at the same time one of the most "utilitarian" plans they had run across.

## Film On Losing Weight Offered

Dr. S. J. Phillips, state health officer, Friday announced that the state health department is offering a movie film for use of persons desiring to lose weight.

The film, entitled "Losing to Win" is available free of charge to groups throughout Louisiana. It discusses the facts about overweight and what to do about it. It is 10 minutes in length.

Requests for the film should be submitted in writing to the Louisiana State Health Department, 1436 Dryades street, New Orleans, 13, Louisiana.

I discovered if you stick an old T-bone in the center of a hamburger, Hysteria, it looks much more expensive.

## Red Submarines Believed Making U. S. Coast Survey

WASHINGTON, Jan. 7-UP—A high-ranking Navy officer said Friday there is good reason to believe Russian submarines make occasional surveys of United States coastal areas.

He based his estimate on a steady stream of reported sightings received by the Navy from military and commercial aircraft, merchant ships, and from observers on shore.

The officer, who may not be identified, said reported sightings average two a week and have shown no recent change.

He acknowledged to a reporter that the Navy's far-flung anti-submarine apparatus has not positively identified a Russian sub off either the Atlantic or Pacific Coast.

But with the number of possible sightings reported and the known capabilities of Russia's submarine fleet, the officer said, anti-sub experts are convinced there is "some surveillance."

According to U.S. and British intelligence estimates, Russia now has the largest fleet of undersea craft ever assembled.

The number of all types is estimated as 350 to 375, twice as many as the United States has and seven times as many as Germany had at the start of World War II. New construction could amount to one a week. How many may be ocean-

going, long-range craft is not publicly known.

But the U.S. Navy estimates that some 90 Russian subs operate in the far Pacific, conducting war games and fleet maneuvers with other growing Russian naval forces.

Secretary of the Navy Charles S. Thomas has said on more than one occasion that this country can deal if necessary with the submarine "anywhere and everywhere" from the factory to the base to the high seas.

### Rural Setting Is Anything But Restful, Family Finds

WACO, Tex. (AP)—Peace, it's wonderful!

And Clifton St. Clair and his family yearned for the idyllic peace of the central Texas countryside, away from the hustle and bustle of metropolitan life.

A few weeks ago, St. Clair and his family moved to the edge of Waco in a rural setting.

The first week a butane gas tank being installed at the new home exploded and set the house afire.

Then a rabid skunk bit St. Clair's two dogs.

And these events followed in quick order:

A mother possum set up house-keeping in the chicken house, with a steady diet of chickens.

Mama Possum bit Mama St. Clair on the hand when she tried to evict her.

A poisonous snake fell into the St. Clair well and had to be fished out.

A niece came to visit from Oklahoma — and almost fainted at one morning when she found a snake coiled on a drainboard.

The 2-year-old St. Clair son took pneumonia on Christmas Day.

Mrs. St. Clair fell off a ladder while decorating the Christmas tree. Four joints, all Mrs. St. Clair's, were dislocated.

Somebody stole the favorite doll of the St. Clair daughter, and a trip to Temple, Tex., 40 miles away was necessary to replace it.

A young Brahman cow owned by the St. Clairs developed a phobia this week for jumping fences.

But Mrs. St. Clair is taking it in stride. She does the daily cow roundup on her crutches.

### Chock Allen Is Named Registrar Of LaSalle Parish

JENA, Jan. 7 (Special) — "Chock" Allen of the French Fork area in Ward 6, LaSalle parish, has been approved by the parish police jury for the office of registrar of voters, to succeed Lettie Paul, resigned.

The action was taken this week at the monthly meeting of the police jury. The recommendation by the parish governing body will be submitted to the governor for official appointment, according to V. L. Poole, secretary-treasurer.

Considerable discussion also was had by the parish officials on completing the highway fencing program now under way in the parish. Volunteer labor now is setting the fence posts on Highway 84 between Trout and Tullos, with the next highway to be worked slated to be the LaSalle parish stretch of U. S. 165 between the Grant parish line to Caldwell parish.

After these fences are completed, it was reported, work will begin on U. S. 84 east of Jena to the Catahoula parish line.

Purchase of catleppages and gates for lateral roads leading off the main highways is the big item now facing the police jury. Present plans call for purchase of metal gates with attached gates, Poole said.

With his gun still blazing, Connelly slumped to the gutter, but the sound of the shots attracted several other policemen afoot and in cars and they grabbed four of the men on the spot. The fifth was arrested in a cheap South End hotel.

In addition to McCarthy, the men—all charged with suspicion of armed robbery and shooting with intent to kill—were Richard Purnell, 30; James Moynihan, 33; Joseph Fay, 42, and Lester Shand, 30, all of the South End district. Shand was the fifth man taken into custody.

At City Hospital, doctors said Patrolman Connelly showed signs of improving although he was still on the critical list six hours after the shooting.

Yesterday's Cryptogram: ALL THE WIDE WORLD IS LITTLE ELSE, IN NATURE, BUT PARASITES, OR SUB-PARASITES—JONSON.

### Red Officer Says Retaliation Set If U. S. Attacks

LONDON (AP)—A Soviet officer declared today that if the United States ever dropped a hydrogen bomb on Russia, the Communists would retaliate by dumping one on America.

Lt. Gen. Gritchin, who was not otherwise identified, made the assertion in an article in the Soviet Communist party newspaper Pravda. Broadcast at length by Moscow radio, his commentary was entitled:

"What American atomic maniacs should not forget."

The broadcast was for Russian home consumption. It told the Soviet people that the United States does not have an edge on Russia in atomic or hydrogen weapons.

"The most fashionable disease in the West nowadays is atomic fever," said the officer. "This disease has infected a considerable number of highly placed officials as well as ministers, generals, field marshals and others in the U.S.A. and Britain."

"But it appears that the U.S.A. does not hold a monopoly of either atomic or hydrogen weapons," he added.

Gritchin said Washington spokesmen "were trying to persuade their countrymen that the American Air Force could deal a lightning blow at targets in the U.S.S.R. without fear of retaliation."

"The zealous American atomic maniacs should not forget that the Soviet Union possesses all the means necessary to rout an aggressor."

Referring to U.S. planes shot down near Soviet frontiers in recent years, the Russian officer promised the Communists would continue to shoot them down.

He concluded by claiming the American Air Force suffered a tremendous defeat in the Korean War. Because of this, he said, the United States decided it must rearm West Germany to create a military machine for war on land.

### News Briefs

BATON ROUGE (AP)—The state patrol aims to cut deaths on Louisiana highways down to 300 in 1955.

Police Supt. Francis Grevenberg set the goal yesterday after he reported state police helped save 47 lives during 1954.

On highways outside city limits, 406 motorists died last year, in 1953, the total was 453.

"It was the greatest reduction in traffic deaths in many years," Grevenberg said, adding

"The Automotive Safety Foundation has accused us of neglecting highways to make gambling raids. Here is definite proof the charge is not true."

LAKE CHARLES, La. (AP)—Robert L. Groom, 31-year-old Maplewood contractor, today was under a 15-year prison term for an \$11,833 bank robbery.

U. S. District Judge Edwin Hunter sentenced Groom yesterday after he pleaded guilty to robbing the South City drive-in of the First National Bank here last October.

Police recovered the money when Groom, an Ann Arbor, Mich., native and a former Orange, Tex., resident, was arrested.

NEW ORLEANS (AP)—Criminal District Judge J. Bernard Cocke today had under advisement the malfeasance case of Acting Police Superintendent Joseph Schuerling.

The state called nine witnesses yesterday in an attempt to show Schuerling guilty of malfeasance when he allegedly failed to act against two police officers in an investigation of a 1952 burglary.

Defense attorneys for Schuerling called no witnesses.

ALEXANDRIA, La. (AP)—Three California men were held here today in connection with a series of pay-phone robberies from Bossier City to Alexandria.

They were arrested in Baton Rouge last night after they were reported to have had \$1,500 in coins in their car.

State police identified the men as Sidney Hayward, 23, and Kenneth Wayne Mann, 30, both of Whittier, Calif., and Ira Clyde Kelly of San Francisco.

The sheriff's office had reports that pay phones between Bossier City and Alexandria had been broken open and rifled.

# Redskin Cagers Invade Lion Camp For Gulf Scrap

## Northeast Ready For Full Scale League Campaign

The pressure valves are opened to full settings for the Northeast State basketball Indians beginning tonight in Hammond when they go up against the strong Lions of Southeastern in what marks the start of serious Gulf States Conference play for the Monroe squad. Sporting an 11-5 record and boasting the G.S.C.'s two leading scorers in guard Mel Gibson and center Bill Bradley, the Indians will be seeking their second conference win, having emerged victorious in their only previous conference game, with Louisiana College.

Following tonight's important contest, the Tribesmen play four straight G.S.C. tilts in 10 days. The outcome of Northeast State cage fortunes in the next fortnight should well determine if the Indians have what it takes for the Gulf States race this season. It is generally considered that competition in the G.S.C. is tougher than it has been with the non-conference teams the Monroe squad has played this year.

The next four games against the best in the conference—Southeastern, Northwestern, and Louisiana Tech. are included—are decisive in showing the Indians' true strength. Southeastern is considered one of the better conference teams. In Hammond, coach Arnold Kilpatrick will open with his regular starting five of Bill Ray Crowe and Lloyd Crocker at forwards, Bill Bradley at center, Mel Gibson and Bobbie Patterson at guards. The road squad to the strawberry country also includes forwards Henry Williams and Junior Austin, center Earl Miles, and guards Harold Davis and Jim Henderson.

The Northeast State cagers have won four of their last five games, including sterling victories over Mississippi College and Arkansas State. They lead all Gulf States teams at the present time in total offense with 1,318 points in 17 games. This is an average of 82 points per game. Three times this season the Indians have scored more than 100 points in a game. Opponents have scored an average of 74 tallies per game.

Gibson, the outside marksman and sparkplug of Kilpatrick's five, who led the G.S.C. in scoring last year, and Bill Bradley, the All-American junior college transfer, continue to seasaw for individual scoring honors, as they have done all season. Seldom has a full point separated them. Gibson is currently in the lead by a few tenths of a point. Both have averaged 19 points. Co-captain Bill Ray Crowe has jumped tremendously in offensive punch in the past two weeks, accounting in large measure for recent Tribal success. Scoring only four and six points a game in early season, he has hit his stride recently with 15 and 20 point productions that have brought his average up to 10 per game.

Northeast State is in good condition physically for the beginning of the conference grind with none of the first 10 men on the injured list. A shoulder injury has hampered Bill Bradley some and Bobbie Patterson has had to contend with a sore finger but neither are serious.

## Patterson Masters Troy In Five Heats

NEW YORK, Jan. 7 (AP)—Speedy Floyd Patterson, who celebrated his 20th birthday Tuesday, battered Willie Troy with his quick, destructive hands tonight to win a technical knockout at the end of the fifth round at Madison Square Garden. Patterson weighed 166, Troy 162.

Although Troy, the No. 6 middleweight, never was on the floor, he was a sorry sight as he sat in his corner after the fifth. He had an egg-sized lump over his right eye and his left eye was completely closed.

NAMED PREXY  
LOS ANGELES, Jan. 6 (AP)—The Los Angeles baseball club today announced that John D. Holland Jr., 44, former head of the Des Moines club has been appointed president of the Angels, succeeding the late Don Stewart.

## L. S. U. Cagers Prepare To Launch S. E. C. Race

BATON ROUGE, La., Jan. 7 (Special)—After posting a 3-5 record in non-conference play, Louisiana State University's basketball Bengals hope to have found the winning combination in the crew that upset mighty North Carolina here Monday and will swing into league competition Saturday night with brighter prospects for the future.

Georgia's Bulldogs, currently ranked last among conference cage teams with a 1-4 record in non-circuit and tournament play and an 81-66 loss to Florida in the S.E.C. opener, will be the first official conference opponent for the Bengals as they journey to Athens this weekend. (The Tiger's 74-58 loss to Kentucky, top-ranking team in the nation, earlier this season was not recorded as a conference game. The Bengals and the Wildcats will meet in Baton Rouge on Jan. 17 for the regular S.E.C. tilt.)

Monday, the Tigers move to

Gainesville to take on a powerful Florida quintet. The Gators are presently rated third in the conference on the basis of a 6-1 record in non-S.E.C. and Gator Bowl tournament play and their recent win over Georgia. The Gators took six straight victories before Spring Hill set them back 66-60 in the tournament.

In their surprise 84-77 victory over the high-ranked Tar Heel five the Bengals presented a team which hit from the outside against a zone defense and drove in for layups against the full court press.

Tar Heel Coach Frank McGuire attributed the L. S. U. win to hustle, a talent ever-evident on the Tiger hardwood and showing signs of increasing to new heights.

Contributing greatly to the apparent reversal of form at L. S. U. is the work of forward Roger Sigler. Averaging only four points a game in the first five tilts, he hit his stride in the next three games to pour in an average of 18 points. His best scoring effort was 23 points against North Carolina to tie for the night's high honors with the Tar Heel's sophomore ace, Lenzie Rosenbluth. Sigler has also played the backboards well, taking in 52 rebounds.

Also instrumental in the Tiger win was the work of reserve guard Leslie "Skip" Jones. In five previous games he had seen limited action and scored only 11 points against the Tar Heels, he sank three consecutive outside shots to help the Bengals overtake the leading Carolinians. He accounted for 14 points, second best of the night for the Bengals.

Another reserve guard, Don Sebastian, scored 12 points for the best effort of the season and forward Don Belcher bettered his previous 4.1 average with a dozen points.

Center Ned Clark and guard Norman Magee, Tiger scoring leaders, failed to hit their usual marks but were no less instrumental in recording the victory. Clark was particularly effective in rebounding, taking 26 for the night.

The Tigers' next home game is Jan. 15 when they meet Tennessee.

CHICAGO, Jan. 7 (AP)—They were taking pictures of Frank Leahy, former Notre Dame football coach, every hour today, but a doctor and not a photographer did the snapping.

"I had 30 X-rays taken yesterday and it's still going on," said the 46-year-old Leahy at Passavant Hospital where his ailing stomach is being diagnosed.

It's the same trouble Leahy had when he collapsed during the Irish-Georgia Tech game two seasons ago and which forced his retirement a year ago in favor of 16-year-old Terry Brennan.

"I have a suspicion I may be favoring an ulcer," said Leahy, whose trouble first was diagnosed as pancreatitis (intestinal spasm). My doctor says the kind of routine I met while coaching was just the grind to develop an ulcer.

"I had a greasy, doughnut for breakfast, a ham sandwich with a lot of mustard for lunch and then a big dinner—except Friday's before a game when I wouldn't eat at all. I didn't eat much the day of a game either. Then on Sunday, I'd eat ravenously."

"That was wrong, the doctor tells me. Under high tensions, acids form which ordinarily might be absorbed by food. On an empty stomach, instead, they attack tissues."

"Often I dropped off to sleep at 2 a.m., on a couch in my office, wake up at 5:30, go to the Notre Dame chapel and then start work."

"Even after a year away from that routine, the effects are still accumulated."

As a representative of a steel alloy firm, Leahy said he did more traveling this year than any year he coached. But he's put on 10 pounds, now weighing 195.

Leahy, who quit after a 12-season Notre Dame record of 87 victories, 11 defeats and nine ties, says even if his stomach condition is cured, he will not return to coaching.

"As I said before, coaching any place else after Notre Dame is a step down," asserted Leahy. "That includes pro football, as far as I am concerned."

Leahy said he thought Brennan did a "splendid" job in his inaugural Notre Dame season, winning nine and losing only to Purdue.

On the subject of football generally, Leahy said he noticed a lack of "innovations" in collegiate play last season.

"I think the reason is that with limited substitution, coaches find teaching fundamentals and basic play hard enough without trying for new offensive twists."

**Omaha May Be Host To N.A.I.A. Event**  
OMAHA, Jan. 7 (AP)—The National Association of Intercollegiate Athletics may move its annual eight-team invitational tournament in December from Kansas City to Omaha.

N.A.I.A. Executive Secretary A. Duer of Los Angeles indicated such a move may be made after inspecting the new Omaha City Auditorium which he described as ideal for such a tournament.

Duer said the only reason the N.A.I.A. is considering a move from Kansas City is because of a conflict in dates with the annual Big Seven Conference pre-season tournament, held in Kansas City the week between Christmas and New Years.

**Make 30 Pictures Of Frank Leahy—All X-Ray Photos**  
CHICAGO, Jan. 7 (AP)—They were taking pictures of Frank Leahy, former Notre Dame football coach, every hour today, but a doctor and not a photographer did the snapping.

"I had 30 X-rays taken yesterday and it's still going on," said the 46-year-old Leahy at Passavant Hospital where his ailing stomach is being diagnosed.

It's the same trouble Leahy had when he collapsed during the Irish-Georgia Tech game two seasons ago and which forced his retirement a year ago in favor of 16-year-old Terry Brennan.

"I have a suspicion I may be favoring an ulcer," said Leahy, whose trouble first was diagnosed as pancreatitis (intestinal spasm). My doctor says the kind of routine I met while coaching was just the grind to develop an ulcer.

"I had a greasy, doughnut for breakfast, a ham sandwich with a lot of mustard for lunch and then a big dinner—except Friday's before a game when I wouldn't eat at all. I didn't eat much the day of a game either. Then on Sunday, I'd eat ravenously."

"That was wrong, the doctor tells me. Under high tensions, acids form which ordinarily might be absorbed by food. On an empty stomach, instead, they attack tissues."

"Often I dropped off to sleep at 2 a.m., on a couch in my office, wake up at 5:30, go to the Notre Dame chapel and then start work."

"Even after a year away from that routine, the effects are still accumulated."

As a representative of a steel alloy firm, Leahy said he did more traveling this year than any year he coached. But he's put on 10 pounds, now weighing 195.

Leahy, who quit after a 12-season Notre Dame record of 87 victories, 11 defeats and nine ties, says even if his stomach condition is cured, he will not return to coaching.

Liberty 44, West Monroe Baptist 20  
(Only games scheduled)

Salter paced the Trinity Baptist five to their 60-37 win over College Place last night in Church League play, scoring 27 points. McGee was high for the losers, with 20.

T. Wheeler sparked the Linville victors with 22 points; while McClain, of the West Monroe Methodists, carried off high point honors for the game and evening, with 28 of his team's 38.

Liberty Baptist gained a first-place tie in the standings, with their 44-20 win over West Monroe Baptists. Mims was high for Linville, with 11 points; and Bates for the losers, with nine.

MIAMI, Fla., Jan. 7 (AP)—Hard-hitting Wallace (Bud) Smith, Cincinnati, and the Oakland, Calif., speedster, Johnny Gonsalves, meet tomorrow night in a battle that each hopes will be a stepping stone toward a fight with lightweight champion Jimmy Clark.

The 10-round match, which pits slugger against boxer, will be televised nationally (ABC) from the Bayfront Park auditorium, starting at 8 p.m. (CST). The Miami area will be blacked out.

Smith, a 7-5 favorite, will be fighting to avenge the only defeat by a lightweight on his record during the past year. Gonsalves, an out-paired Smith's home town and out-pointed him last May.

The National Boxing Association rates Smith and Paddy DeMarco as the only logical contenders for Carter's crown and lists Gonsalves as an "outstanding boxer." In the Ring magazine ratings, Smith is the No. 6 contender and Gonsalves No. 10.

**North Central's Cage Center Tops National Scoring**  
NEW YORK, Jan. 7 (AP)—Bill Warden of North Central, always near but never first in the small college basketball scoring race, finally made it to the top as the headman this week.

Statistics released today by the N.C.A.A. service bureau showed that the 35.3 average of the 6-4 center of the Naperville, Ill., school was best in the country. Warden, fourth in the 1954 final standings and second in 1953, made it just in time, too, for he'll complete his eligibility at the end of this month.

Warden increased his point total to 247 in seven games by scoring 66 in two games last week. The figures include games through last Saturday. He displaces Bob Hopkins of Grambling, who slipped to 34, when he averaged only 27 points for four games during the week.

Brandeis and Amherst, two Massachusetts schools, continued their domination of team statistics. Brandeis is scoring at the rate of 96 points per game, while Amherst has allowed only 55.9 points per game.

Santa Barbara has the best field goal average, 46.8 per cent, thanks partly to shooting of Jim O'Hara, who has hit on 53 of his 88 shots from the floor.

Similarly, Akron tops the list in field shooting at 75.6 per cent, with its Jim Beck the best individual marksman at 94.1 per cent. He has missed only two of 34 free throws.

Tom Hart of Middlebury leads in rebounds with an average of 27 per game, while Juniata (Pa.) has the lowest team average for fouls committed, 11.3 per game, and North Texas State has the highest average, 27.8.

**Smith, Gonsalves Aim For Title In Elimination Bout**  
MIAMI, Fla., Jan. 7 (AP)—Hard-hitting Wallace (Bud) Smith, Cincinnati, and the Oakland, Calif., speedster, Johnny Gonsalves, meet tomorrow night in a battle that each hopes will be a stepping stone toward a fight with lightweight champion Jimmy Clark.

The 10-round match, which pits slugger against boxer, will be televised nationally (ABC) from the Bayfront Park auditorium, starting at 8 p.m. (CST). The Miami area will be blacked out.

Smith, a 7-5 favorite, will be fighting to avenge the only defeat by a lightweight on his record during the past year. Gonsalves, an out-paired Smith's home town and out-pointed him last May.

The National Boxing Association rates Smith and Paddy DeMarco as the only logical contenders for Carter's crown and lists Gonsalves as an "outstanding boxer." In the Ring magazine ratings, Smith is the No. 6 contender and Gonsalves No. 10.

**Dickinson, Monti Forge Ahead In L. A. Open Golf**  
By BOB MYERS  
LOS ANGELES, Jan. 7 (AP)—Two of the lesser known professionals, slender Gardner Dickinson of St. Andrews, Ill., and Eric Monti of Los Angeles, swept into the lead at the midway mark of the 332, 500 Los Angeles Open today with 36-hole scores of 136.

Dickinson, 27-year-old former Louisiana State University star, and a pro for less than three years, knocked out a 65, five under par for the Inglewood Country Club.

Late in the afternoon, under ideal weather conditions as compared to yesterday's rain and wind, the 36-year-old Monti came in with a 67 to gain a tie. Dickinson had a first round 70 and Monti a 69.

Their 136 put them two strokes in front of the pack with former National Open King Julius Boros the closest at 137 with the day's lowest round, a brilliant 65.

Scores of 146 and under qualified for the final two rounds of play, winding up Sunday.

Bo Winger, Oklahoma City, hero and pace setter with a 68 yesterday, fell back today with a 74 for 142.

Tied at 138 were Gene Littler of Palm Springs and Johnny Zulla of Pittsburg, the latter winner of the L. A. Open in 1941.

The 140 bracket was crammed with six players, including Doug Ford, Johnny Palmer, Ed Kroll and Cary Middlecoff, Jay Hebert, Milan Marusic and Jimmy Clark.

Knotted at 141 to round out the par breakers for the two rounds were such threats as Art Wall Jr., Dick Mayer, Earl Stewart, Jr., Al Bessellink, Marty Furgol, Wally Ulrich and Charles Sifford, the lone Negro in the tournament.

Farther back were several players who were close up yesterday, notably Jimmy Demaret, with a 73 for 142, and E. J. (Dutch) Harrison, with a 73 for 144.

Leading scorers: Gardner Dickinson, St. Andrews, Ill., 70-66-136.  
Eric Monti, Los Angeles, 69-67-136.  
Julius Boros, Mid Pines, N. C., 73-65-138.  
Gene Littler, Palm Springs, Calif., 72-67-139.  
Johnny Bulla, Pittsburg, 70-69-139.  
Milan Marusic, Los Angeles, 70-70-140.  
Cary Middlecoff, Kiamasha Lake, N. Y., 72-68-140.  
Jay Hebert, Long Island, N. Y., 70-70-140.  
Doug Ford, Kiamasha Lake, N. Y., 70-70-140.  
Johnny Palmer, Charlotte, N. C., 70-70-140.  
Jimmy Clark, Laguna Beach, Calif., 70-70-140.  
Wally Ulrich, Rochester, Minn., 74-67-141.  
Dick Mayer, St. Petersburg, Fla., 75-66-141.  
Al Bessellink, Grossinger, N. Y., 73-68-141.  
Art Wall, Jr., Pocono Manor, Pa., 72-69-141.  
Charles Sifford, Los Angeles, 72-69-141.  
Earl Stewart, Jr., Dallas, 73-68-141.  
Marty Furgol, Lamont, Ill., 72-69-141.  
Billy Maxwell, Odessa, Tex., 71-71-142.  
Ed Furgol, St. Louis, 72-70-142.  
Jimmy Demaret, Kiamasha Lake, N. Y., 69-73-142.  
Charles Sheppard, Boston, 74-68-142.  
Bob Rosburg, San Francisco, 71-74-142.  
Mike Krak, Louisville, 71-71-142.  
Wo Winger, Oklahoma City, 68-74-142.  
Jerry Barber, Los Angeles, 73-69-142.

**Both Oak Grove Teams In Tourney Semi-Finals**  
OAK GROVE, La., Jan. 7 (Special)—Oak Grove High advanced both its boys and girls teams into the semi-finals of the annual Oak Grove Basketball Tournament here today along with the Bastrop boys and girls teams from Central (near Delhi), Epps, and Start.

Two boys' semi-final berths remain to be filled in a pair of Saturday morning contests that send Kilbourne against Central at 8:30 o'clock, and Epps against Holly Ridge at 10 o'clock.

Complete scores for the tournament which has been in progress since Thursday are:

Boys—Lake Providence 62, Forest 53; Pioneer 46, Bonita 41; Oak Grove 63, Delhi 39; Kilbourne 73, Monticello 28; Central 57, Mer Rouge 23; Epps 59, Oak Ridge 45; Bastrop 72, Lake Providence 62; Oak Grove 65, Pioneer 58.

Girls—Delhi 30, Mer Rouge 25; Forest 38, Monticello 39; Kilbourne 35, Lake Providence 34; Central 38, Delhi 22; Epps 55, Pioneer 40; Oak Grove 45, Forest 26; and Start 38, Kilbourne 31.

Saturday's pairings:

Boys—Kilbourne vs. Central, 8:30 a.m.; Epps vs. Holly Ridge, 10 a.m.; Bastrop vs. Oak Grove, 2:30 p.m.; winner Kilbourne-Central vs. Epps-Holly Ridge winner, 4 p.m.; final, 8 p.m.

Girls—Oak Grove vs. Start, 11:30 a.m.; Central vs. Epps, 1 p.m.; final, 7 p.m.

**Bayou DeSiard Offering Scotch Tournay Sunday**  
Bayou DeSiard Country Club promotes a Scotch foursome tournament for men and women tomorrow afternoon, topping off the day's activity with a buffet supper and the annual "award night" program at which winners of the club events during the 1954 season will be awarded their trophies.

Pro Winnie Cole last night said the Scotch foursome, event, beginning at 12:30 o'clock tomorrow afternoon, will feature teams captained by Mrs. L. E. Ducote, Edmund Brown, Mrs. J. E. Wheeler, and Curtis Cook. Mrs. Ducote and Brown will lead the "Blue" team, while Mrs. Wheeler and Cook will captain the "Red" team.

Players already registered for the tourney are:

Women—Mrs. George Beekman, Mrs. John Kelso, Mrs. Curtis Cook, Mrs. W. C. Summer, Mrs. Edmund Brown, Mrs. Frank Davis, Mrs. H. G. Proffit, Mrs. Ed Shaver, Mrs. John Clay, Mrs. W. W. Kellogg, Mrs. H. L. Woods, Mrs. Guy Campbell, Mrs. Raymond John, Mrs. Fred Fudickar, Mrs. Clyde Nash, Mrs. L. H. Harris, and Mrs. E. N. Hemphill.

Men—L. E. Ducote, John Kelso, Frank Davis, H. C. Menet, H. L. Woods, Curtis Cook, Guy Campbell, Robert Ewing, Edmund Brown, John Kelso, Jr., D. G. Nichols, E. N. Hemphill, Raymond John, Fred Fudickar, Dr. Frank Rizzo, L. H. Harris, W. C. Summer, Louis Peters, Ben Marshall, and Tom Sandridge.

Others may register for the tourney at the club's Pro Shop before 11 a.m. tomorrow.

The awards program tomorrow night will include presentation of awards to championship, first, and second flights in the Ladies Club Championship Tournament, and the W. J. Sherrouse tourney winner for women. Men get awards for wins in the Club Championship Tournament, Four-Ball tourney, Cramer Haas Memorial, and Ceferal Palsey tourney.

**HOCKEY DEAL**  
BUFFALO, N. Y., Jan. 7 (AP)—The Chicago Blackhawks of the National Hockey League today purchased the Buffalo Bisons of the American League in a move to strengthen their farm system.

**Sugar Kings Pleased**  
HAVANA, Jan. 7 (AP)—Bobby Maduro, president of the Havana Sugar Kings, praised the franchise shift from Ottawa to Columbus, O., in the International League today and was optimistic that the other clubs will "work out something" to cut his expenses and keep the Cubans in the league.

A group of Columbus businessmen acquired the triple-A League franchise today, keeping the Ohio city in minor league baseball after the triple-A American Association moved its franchise to Omaha.

Maduro previously had hoped the International League would move the Ottawa franchise to some Florida city—Miami, Tampa or St. Petersburg—which would have reduced expenses for the Sugar Kings. He said his club lost \$30,000 last season, with most of the deficit tagged to the travel expenses for other clubs between Havana and Richmond, the next southernmost city in the league. The Sugar Kings paid the expenses for the other clubs.

# Top Collegiate Stars Match Skill In Senior Bowl

## North, South Aces Will Clash Today On Mobile's Grid

By STANLEY ATKINS

MOBILE, Ala., Jan. 7 (P)—Fifty of the top senior collegiate stars in the nation match their skill tomorrow in the game that winds up post-season football classics for the year — the sixth annual Senior Bowl.

More than 30,000, including a horde of pro scouts, are expected at 36,000 capacity Ladd Memorial Stadium for the 1:45 p.m. (CST) kickoff.

The forecast was for overcast skies but the weather bureau said no showers were expected. The thermometer will be in the mid-50s.

The South is favored by a scant touchdown, mainly on the basis of its star-studded line.

Paul Brown, the football perfectionist who directed his Cleveland Browns to the professional championship, will coach the North squad. Steve Owen, veteran pro coach formerly with the New York Giants, will handle the South.

The South team today elected Auburn quarterback Bobby Freeman and Oklahoma end Max Boydston as co-captains.

The North will choose its leaders later.

Most of the 50 players, who will turn professional in the game, saw action in earlier bowl or all-star games. Every team in the five major bowl games except Navy will be represented, along with the Blue-Gray at Montgomery, North-South at Miami, and East-West all-star game at San Francisco.

The South won the first two games under Owen 22-13 and 19-18. Brown took over as North coach three years ago and his teams won 20-6, 28-13 and 20-14.

The winners will be paid \$500 each, plus expenses, and the losers will receive \$400 and expenses.

The game will be broadcast nationally by CBS radio. It will not be televised.

Probable starting offensive lineups:

## NCAA Delegates Desire Continued TV Controls

NEW YORK, Jan. 7 (P)—The NCAA convention wrote out another "blank check" recommendation for a 1955 football television program today in spite of a boycott threat from the Big Ten Conference.

After a lengthy and sometimes laugh-provoking battle over the details, the delegates adopted the resolution offered by the outgoing committee, with an amendment showing the result of an informal preferential vote taken today.

The resolution says, in effect, merely that there shall be a na-

tional TV program for 1955, its format to be decided by a new committee after appropriate information has been secured.

And in spite of a vigorous effort on the part of Notre Dame's delegate, Father Edmund Joyce, to bring about an open discussion of TV problems, there was no directive to the new committee to consider any one proposed plan.

The result left a wide open question on what sort of program the committee will formulate and whether it will be acceptable to the

rebellious Big Ten and Pacific Coast conferences.

Those two have come out strongly in favor of regional television programs, under national control, and only yesterday the Big Ten threatened to abstain from the 1955 program if a satisfactory plan is not devised.

But the threatened bolt didn't take place today, nor was it even mentioned in the convention as the debate took off in a brand new direction. The big subject for argument today was whether the results of a confidential straw ballot taken at yesterday's round table meeting should be disclosed.

It remained secret, although the delegates were asked to show their preferences through a standing vote taken on the floor. This vote

indicated an overwhelming preponderance of opinion in favor of strong national controls as opposed to regional plans.

The count was 81 votes for re-adoption of the 1954 plan, 84 for the looser version of national controls proposed by the eastern college athletic conference, 37 for regional television, four for unrestricted TV and one for the so-called "one rule" plan.

Since this was taken under an amendment to the original TV resolution, the results presumably will be given to the new committee for guidance. But there was no indication that it will be considered binding—or even that the count was accurate. One observer protested that he had seen some delegates voting for two proposals.

The loser in the confusing debate apparently was Notre Dame, which made a strong but unsuccessful effort to have the convention take a definite stand and to direct the new TV committee to follow its wishes.

Father Joyce, arguing against the "blank check" resolution which, he said, deprived Notre Dame and other colleges of the chance to air their opinions, was turned down on nearly every move. His only successful effort was in getting the informal vote on the various proposals which had been under discussion.

The proposal to make public yesterday's straw vote, renewed by Lloyd Chapin of Georgia Tech after Joyce had initiated it, was voted down 110-61.

## Tri-Parish League

### VIDALIA QUINT WINS

VIDALIA, La., Jan. 7 (Special)—Vidalia High School's Vikings defeated the Wisner High Bulldog basketball team Tuesday night at the Vidalia High gymnasium 56 to 44 to divide a program which opened the 1955 portion of the Tri-Parish Basketball League schedule.

After Wisner's girls had defeated the Vidalia six, the Vikings took the measure of the Wisner varsity to even the count.

Alva Earl Dawsey led the Vikings and took scoring honors with 20 points. His nearest teammate was

Fred Falkenhiner with 17 points. Chaplain led Wisner with 17 while Cole had eight.

In other action the Tri-Parish League, Enterprise High invaded Jonesville and swept a double bill from the Block High School eagles Tuesday night. The Enterprise boys defeated the host Block Bears 61 to 40 after the Enterprise girls had defeated the Block six, 24 to 23.

Poole, with 22 points, led Enterprise's five and took scoring honors while Tullios led Block with 16 points. McGuffee had 17 for the visitors.

Sarah Cooper led the Block girls and took scoring honors with 13 points, while Shepherd led the Enterprise six with 11 points.

## Baptist Churches From Jena Area Start Cage Loop

JENA, La., Jan. 7 (Special)—Six Baptist churches of the Jena area have launched play in a Baptist Church basketball league which will continue through March 8, with three games scheduled each week at the Jena. Nebo and Trout-Goodpine elementary school gymnasiums.

The league has been divided into three divisions—senior boys, senior girls and junior boys, with each of the six churches sponsoring teams in all three divisions of the league.

With few exceptions, Tuesday night has been set aside by the churches for basketball. To avoid some conflicts, a few games have been scheduled for Thursday night instead of Tuesday night.

The league goes into its second year of operation with a successful record on the books for the 1954 season and the 1954 season saw Nebo win the junior boys division, Magnolia took the senior girls' title and Goodpine won the senior boys' division.

Taking part in the league this year will be Nebo Baptist Church, Jena First Baptist Church, Midway Baptist Church, Goodpine Baptist Church, Fellowship Baptist Church and Oak Ridge Baptist Church.

Games will begin at 7 p.m. as scheduled, with junior boys, senior girls and senior boys playing in that order. Junior boys teams will be limited to youngsters who have not reached their 15th birthday; senior girls will be limited to young women who have not reached their 19th birthday, and senior boys will include young men from 15 through 18 years of age.

The Rev. Kenneth Wall, director of the league, said the churches are anticipating an even better season than that enjoyed last year and stressed that all games are open to the general public, with no admission charges.

"The church basketball league is an effort by the co-operating churches to provide wholesome recreation for their young people," he pointed out.

NEW ORLEANS, Jan. 7 (Special)—Showing a tidy 6-1 record outside the league, Tulane's Greenies lunge into the Southeastern Conference lists with four games in eight nights starting Saturday

## 15 Fast Nags In Training For Lee 'Cap At Tropical

MIAMI, Fla., Jan. 7 (P)—Fifteen of the fastest middle distance thoroughbreds now in training in Florida were entered today for the mile and a sixteenth \$15,000 added Robert E. Lee Handicap at Tropical Park tomorrow.

Greentree Stable's Maharajah, under 113 pounds with jockey Ted Atkinson scheduled to ride, probably will be favorite in the richest race Tropical Park has offered thus far this season.

Second choice Tomaharajah likely will be Samuel Tufano's Wise Margin, carrying 117 pounds, most of it jockey Keith Stuart. Wise Margin won several good races last summer, including the \$50,000 added Massachusetts Handicap at Suffolk Downs.

Considerable post-time support also will go to Harvey C. Fruehauf's Precious Stone, winner of the Christmas Handicap, and Sylvester Rich's Helianthus, winner of the Ponce De Leon.

Precious Stone, with W. M. Cook riding, will carry 117 pounds and Helianthus, ridden by Sam Boulmetis, is assigned 112.

Others scheduled to start, their weights and riders, are:

Gulf Stream, 110, Tony Despirito; Best Auber, 110, Kenneth Godkins; First Glance 117, Eugene Rodriguez; Scimitar, 113, Joe Culmone; Post Prandial, 112, Walter Blum; French Bleu, 109, J. A. Regaluto; I Que, 107, Frank A. Smith; War Fable, 105, Frank A. Smith; Impasse, 113, Harrison B. Wilson; Sea O'Erin, 110, No Boy; Recline, 115, Willie Hartack.

If all 13 start, the race will have a gross value of \$18,250, with \$13,000 net to the winner. Last year the feature went to River Divide Farm's Andre, ridden by Gene Farma.

against Florida at Gainesville. Next Monday will find Coach Cliff Wells' swiftness at Athens to take on Georgia. They then return home to face the great and crucial challenge of Tennessee on Thursday, Jan. 13, and Kentucky, on Saturday, Jan. 15.

Those engagements will do much toward determining the accuracy of Tulane's rating as a leading contender in the S. E. C.

The December returns lifted Greenie prestige considerably. Three times they used their pet "cat and mouse" control in the waning moments and, with guard Hal Cervini as the big cat, three times they came through. Rice fell, 68-63; Wisconsin, 69-66; and Stanford, 67-62. Rice and Stanford were previously undefeated. Only Northwestern has topped Tulane.

Coach Wells was well acquainted with the ability of Cervini, who is leading the team in every offensive department except rebounding, and is second in that one. He also knew what to expect from guard Roy Stoll, whose 13.0 official average currently is second only to Cervini's 15.8; and from forward Dick Brennan, the Wave's most consistent board man and a 10.1 scorer.

A happy development has been 6'9" center Jim Nowakowski, who has been a factor in each victory and whose 12.3 average is almost double his production of last winter. With 6'6" Phil Wallace as an important replacement the pivot job is much less a problem than in 1953-54.

Brennan's colleague at forward is the prime question of the moment. Senior Dean Turner, junior Bob Delpit and sophomore Stan Stumpf all are in contention, but none has established a claim on the job.

## Tufts' Houston New President Of NCAA

NEW YORK, Jan. 7 (P)—Clarence P. Houston of Tufts College, Medford, Mass., today was elected president of the NCAA, succeeding Albert B. Moore of the University of Alabama.

Ralph W. Aigler of the University of Michigan was chosen secretary-treasurer. He succeeds Earl S. Fullbrook of Nebraska.

Third Offender Gets Year Term For Drunk Driving

Judge David I. Garrett yesterday emphasized the continuing crackdown on drunk drivers in Ouachita Parish when he sentenced one man to serve a year in the Louisiana State Penitentiary at Angola, and a second to serve six months in jail. The action was taken during regular misdemeanor day in Fourth District Court.  
Jessie M. McDuff, identified by the district attorney's office as a third offender, was given a mandatory one year term at Angola, and Thomas E. Shoemaker, as a second offender, was fined \$400 and costs, or three months, and given a six months jail term in addition. A third person, Peter D. Hall, was sentenced to 90 days in jail.  
Nine other persons were fined at least \$300 each on drunk driving counts. They were as follows:  
Henry Tullos, Jr., \$300 and costs, or 90 days; Brown Love, \$300 and costs, or 60 days; Ellis G. Kelly, \$300 and costs, or 60 days; Silvan A. Womack, \$300 and costs, or 60 days; James A. Mayberry, Jr., \$300 and costs, or 90 days; Lloyd Harrison, \$300 and costs, or 60 days; Chester R. Bruce, \$300 and costs, or 60 days; Haywood C. Arndale, \$300 and costs, or 60 days; William O. Truett, \$400 and costs, or 90 days.  
John T. Johnson, who pleaded guilty to the armed robbery of Bennett's Service Station, was sentenced to 10 years in the state penitentiary.  
Seven persons entered not guilty to several felony and misdemeanor charges. They included:  
West Monroe Freeman, simple burglary; Howard W. Spears, simple battery; Percy Travillon, aggravated battery; Jewell Honeycutt, drunk driving; Edward L. Lester, reckless driving; E. B. Parker, disturbing the peace; Happy Brooks, driving without a license and disturbing the peace, and Thomas Wallace and Bobby Thompson, hunting rabbits at night with headlights. Trial dates will be set for most of these counts in the near future, it is reported. Brooks' two counts are set for trial on Feb. 11.  
Edward Patty pleaded guilty to a charge of negligent homicide, and was remanded pending investigation by the state probation and parole office.  
Among cases set for trial yesterday was that of John Williams, whose bill was amended to simple battery. His plea was changed to guilty, and he was remanded for sentence.  
Two persons were tried and found not guilty. They were James E. Robertson, on a count of reckless driving, and Willie DeBurr, charged with fire-raising on lands of another by criminal negligence.  
Other action included the following:  
James D. Guin, speeding, \$30 and costs, or 15 days.  
Ben Johnson, operating a motor vehicle with defective brakes, \$25 and costs.  
William Cooper, speeding and reckless driving, \$25 and costs, or 10 days in jail on each count.  
Willie James Washington, operating a vehicle with improper lights, \$15 and costs, or five days, and operating a motor vehicle without a 1954 license plate, \$10 and costs, or five days.  
Theodore Roosevelt Cotton, reckless driving and speeding, \$30 and costs, or 30 days on each count.  
William Donald Younse, theft of

Cotton New York

NEW YORK, Jan. 7 (AP)—Cotton futures closed 50 to 75 cents a bale higher today. Trading was slow, but picked up towards the close as trade buying and covering by local traders increased. Switching from nearby March to later months was active. Hedging by spot firms was readily taken through mill and export buying. A leading spot firm sold about 5,000 bales of nearby March contracts, attributed to hedging operations.  
Some traders credited part of the improvement in futures to comments of Agriculture Secretary Benson in a speech before the National Council of Farm Co-operatives in which he expressed the view that the worst is over in agriculture's adjustment to a peacetime economy, with a "smoother road ahead." The secretary again said that the 1955 cotton crop would likely be supported at 90 per cent of parity under the flexible support program now in effect.

Stocks Recover Much Of Ground Lost This Week

NEW YORK, Jan. 7 (AP)—The stock market surged ahead in a whirl of buying today to wipe out a substantial portion of losses suffered in its two-day break.  
Only occasional selling to cash in on profits stood in the path of an almost continuous climb in prices.  
The biggest drive forward came in the afternoon when the steel and aircrafts were the favored issues in the rush, but all divisions had a hand in the rise. In the final hour when the ticker twice had to fall behind under the crush of buying orders. This time the railroads were in the forefront of the rise with a great show of strength seldom seen in the carrier division.  
Gains extended from 1 to 5 points in one major division after another with the aircrafts and rails especially favored. There were relatively few losses.  
As a yardstick to indicate the extent of the recovery, the Associated Press average of 60 stocks rose \$2.00. The net loss for the two previous days was \$5.00. Thus today's market retraced 40 per cent of the two-day drop.  
The average today closed at \$152.80, just about where it was two weeks ago. The industrial component of the average was up \$2.00, railroads soared \$3.40, and utilities were up 20 cents.  
The market was not so broad as yesterday with 1,247 individual issues traded of which 857 advanced and 221 declined with 44 new highs and 3 new lows for the year touched.  
Brokers do not believe that today's display of strength meant the end of irregularity in the stock market, but they feel that the rise shown today does mean that the severe break has been halted.

Childs Planning \$300,000 Center In Shreveport

SHREVEPORT, Jan. 7 (Special)—A \$300,000 center for the wholesale distribution of perishable foods will be constructed in Shreveport soon by the Childs Food Stores, Inc., of Jacksonville, Tex.  
Crawford Godfrey, vice president of the firm, said yesterday that company officials have "two particular locations in mind" for new retail food stores in Shreveport and that "an oral agreement has been reached on at least one" of the sites.  
Childs Food Stores operates a chain of some 60 super-markets in east Texas, Louisiana and Arkansas under the name of "Piggly-Wiggly." The first of the firm's retail stores in Shreveport is now under construction in the Southfield Shopping Center at Youree Drive and Southfield Road.  
Alvin Childs, president of the company, told members of the Shreveport Food Brokers Association in a speech made here last Nov. 19 that the feasibility of moving the firm's general offices and warehouses to Shreveport was under consideration. Childs had left Jacksonville yesterday, and Godfrey said no definite announcement is expected until after his return in about 10 days.  
Native Dancer, winner of 21 of his 22 races, romped home by nine lengths in his final race before owner Alfred Gwynne Vanderbilt retired him to stud.

GRAIN

CHICAGO, Jan. 7 (AP)—Wheat and corn scored fair-sized gains on the Board of Trade today but the rest of the market continued to drag.  
Mills were the major buyers of wheat, as was the case yesterday. Corn opened steady and climbed slowly throughout the day, scoring its best prices in the last few minutes.  
Wheat closed 1/4-1/2 higher, corn lower, soybeans 1/2 lower to 3/4 higher, rye unchanged to 1 cent lower, soybeans 1/2 lower to higher and lard 13 cents lower to 2 cents a hundred pounds higher.  
CLOSE  
Wheat: Mar. 2.31, May 2.27 1/4, Jly 2.14 1/4, Sep 2.16 1/4.  
CORN: Mar. 1.56 1/2, May 1.59 1/4, Jly 1.50 1/2, Sep 1.56 1/2.  
OATS: Mar. 78-78 1/2, May 75 1/2, Jly 72-72 1/2, Sep 71 1/2.  
SOYBEANS: Jan. 2.79 1/4, Mar. 2.77 1/4, May 2.77 1/4, Jly 2.74 1/4, Sep 2.56 1/4, Nov 2.46 1/4.  
LARD: Jan 13.07, Mar 12.92, May 12.82, Jly 12.92, Sep 12.97.

## Tulane-Monroe Officers Named For Conference

Dr. C. Prentice Gray, Jr., president of the Tulane Alumni Club of Monroe, announced today the officers for the first Tulane-Monroe conference to be held March 6 at the Virginia Hotel.

Dr. Frank P. Rizzo is general chairman of the half-day educational lecture-discussion program. Fred Fudickar, Jr., is chairman of the attendance committee; R. L. Vanderpool, Jr., is chairman of the

finance and registration committee; William King Stubbs is chairman of the arrangements; Hilmyer S. Parker is publicity chairman; Mrs. H. C. McDonald is hospitality committee chairman; Henry Bernstein, Jr., is chairman of the luncheon committee and Judge Benjamin C. Dawkins is chairman of the reception committee.

Dr. Gray said that the Tulane conference will bring over a dozen leading Tulane educators to Monroe for a lecture-discussion program with panels in the fields of architecture, engineering, medicine, economics, music, literature, and wildlife conservation. President Rufus C. Harris of Tulane will be luncheon speaker. The entire program is open to the public.

lie and is designed to bring the latest ideas in educational fields to those interested in education.

The Tulane conferences, begun in 1954, will be held in Alexandria, Shreveport, Lake Charles, Lafayette, Mobile, Monroe, and Jackson, Miss., this spring.

Joint sponsors of the Tulane conferences are the Tulane Alumni Association and the associated clubs.

Area chairmen for the Monroe conference include: Harvey T. Moulner-Tallahatchie; W. Dan Files-Bastrop; Dr. Marvin T. Green-Ruston; Dr. George W. Robinson-Jonesboro; Mrs. Carey J. Ellis, Jr.-Rayville; Judge Frank Voelker-Lake Providence; Mrs. Charles H. Hatfield-Winnboro;

Mrs. E. L. Carroll-Columbia; Philip B. Watson-St. Joseph; and John B. Fudickar-Ferriday. Tulane-Monroe committee members include:

Attendance—Mrs. George M. Snellings, Jr., Dr. A. G. McHenry, Jr., Dr. William Bendel, Jr., Dr. Frank Cerniglia, Dr. Jay W. Cummins, Mrs. Ben B. Cobb, Fred Coon, Jr., Robert B. Guerriero, Henry Hays, Jr., and Mrs. C. E. Faulk.

Finance—Harry G. Frazier, Jr. and John F. Savage. Arrangements—Alymer E. Montgomery, Harry Oliver, Jr., and E. J. Seymour, Jr.

Publicity—Dr. A. Scott Hamilton and Albin P. Lassiter. Hospitality—Dr. J. Q. Graves.

Judge David I. Garrett, and Allen T. Turpin, Jr. Luncheon—Frederick C. Hudson, Jr.

Reception—Charles T. Munholland, Clifford U. Johnson, Dr. A. G. McHenry, Sr. and Mrs. DeWitt T. Milam.

### OCHSNER HONORED

NEW ORLEANS —UP— Dr. Alton Ochsner today held the 1955 Modern Science award for his "consistent record of 35 years of outstanding achievement in surgical treatment of cancer." Ochsner, chairman of the department of surgery at Tulane university, was one of the first to emphasize the possibility of cigaret smoking causing cancer.

## Teen Canteen In West Monroe Is To Open Saturday

The "Teen Canteen" sponsored by the V. F. W. Ladies Auxiliary Post 3993 and Twin Cities Y. M. C. A. will hold its first session at 906 Natchitoches West Monroe, Saturday from 7 to 11 p.m. All teenagers from age 15 through the senior year of high school, who are residents of West Monroe, are eligible to apply for membership. The program Saturday night will include the Ouachita Ramblers,

ping pong, shuffleboard, group games, television and lots of fun and fellowship. The Y. M. C. A. will supervise planned activities and the auxiliary will operate a snack bar. Members from the Kiwanis, Lions and Athenium clubs will be present to make the teenagers feel at home.

The committee which is supervising the Canteen operation is general chairman Charles A. Wood, composed of Mrs. Roy W. Cash, Jr., general secretary of the Twin Cities Y. M. C. A.; Alton Burkett, alderman; Berta Jean Blazier, Leslie W. Read, Karen Lee, and Buddy E. Johnson from West Monroe High School; Mrs. Roy Greer, Ladies Auxiliary V. F. W.; Jack Webb, commander and Roy Greer

Hudson Leehy post. Every young person eligible for membership is urged to attend the Saturday evening program.

## West Monroe Getting \$100,000 Warehouse

A. O. Evans, northern district manager of the Louisiana Power and Light Co., has announced that a contract has been let for construction of a \$100,000 warehouse and storeroom in West Monroe.

The contract was awarded to E. B. Ludwig, Inc. of New Orleans, and will be located on the power company's land at North Seventh and Highway 80.

Work began on the structure this week.
